Cochrane Handbook for Systematic Reviews of Interventions Feb 16 2022 Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library (www.thecochranelibrary.com). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.

The Bigger They Come Oct 15 2021 Meet Donald Lam, he's a private detective or at least, he is by the end of the book. A more unlikely looking P.I. you'll never meet, as he is constantly reminded. At 5 and a half feet tall and 127 pounds, he's simply not intimidating at all. But what he lacks in brawn he more than makes up for in brains, a fact that is not lost on his new employer, Bertha

Cool of the B.L. Cool Agency, was sharp enough to spot. Now, Bertha Cool is also not the most likely head figure of a detective agency, although physically impressive she most certainly is. She's sixty-something with grey hair, sparkling eyes and a grandmotherly expression. She weighs in at over 300 pounds and is described as having the majesty of a snow capped mountain and the assurance of a steamroller. When Lam gets the job he is put to work immediately because if there's one thing Bertha Cool believes in it's getting her money's worth. His first job is to serve divorce papers on Morgan Birks, husband of Sandra Birks who claims he has been abusing her. It seems a straightforward enough job, and it is. But it's only after the papers have been served that the real fireworks begin. It's in the moments of confusion that quickly follow a seemingly successful job that Lam's genius is uncovered as he works his way through deduction after deduction and then comes up with a brilliant solution that is as impressive in its cunning as it is in its simplicity. As the first book of a series of 29, it provides a terrific start combining an interesting duo with a clever mystery. With the promise of many more such stories to follow, it's bound to leave you begging for more.

Wife 22 Aug 25 2022 “A skillful blend of pop-culture references, acidic humor, and emotional moments. It will take its rightful place . . . alongside Helen Fielding’s *Bridget Jones’s Diary*, Anna Maxted’s *Getting Over It*, and Allison Pearson’s *I Don’t Know How She Does It*.”—Library Journal (starred review) Alice has been married to her husband, William, for twenty years. Though she can still remember the first time they met like it was yesterday, these days she finds herself posting things on Facebook that she used to confide to him. So when she’s invited to participate in an anonymous online survey on marriage and love, she finds that all her longings come pouring out as she dutifully answers questions under the name “Wife 22.” Evaluating her responses is “Researcher 101,” who seems to listen to her in a way that William hasn’t in a very long time, and before she knows it, she finds herself trying hard not to e-flirt with him. Meanwhile, her elderly father is chatting on Facebook, her fifteen-year-old daughter is tweeting, and everything in her life is

turning upside down. Wife 22 is a hilariously funny, profoundly moving, and deeply perceptive novel about the ways we live and love in this technological age, from a dazzling new voice in fiction. “An LOL Instagram about love in a wired world.”—People “Vibrant, au courant, and hilarious . . . brilliant!”—Adriana Trigiani BONUS: This edition includes a Wife 22 discussion guide.

A Conference in Stockholm May 22 2022 Political thriller about the high stakes of global climate change. A CONFERENCE IN STOCKHOLM Highlights A renowned Russian dissident now living and teaching environmental science in Oxford, UK, was scheduled to give a speech on global warming and the resultant destruction at the Global Economic Climate Responsibility Forum in Stockholm, Sweden. Rumors abound that he will be naming names of greedy despots and corporate entities who want him stopped by any means necessary. He begs his American benefactor and longtime friend, Bennett Daine to protect his daughter. She will be in the audience and most at risk as a pawn to stop her father from speaking to a world audience on live television. For Bennett Daine, it means asking his estranged son, CIA agent Joshua Daine to bring her to safety. Past crimes by an American administration committed during the cold war have been uncovered by a long ago asset of the current Deputy Director of the CIA. The evidence was smuggled out on a computer thumb drive to a US embassy in Eastern Europe. Joshua and his partner, Valerie Rhodes are sent to retrieve the package and prevent the information getting into the wrong hands. When it all goes wrong it becomes clear it was a setup from the beginning but who was the target and why? Valerie was captured and Joshua is shot and has disappeared. Bennett Daine will stop at nothing to get his son back and Joshua will stop at nothing to find his partner. Each man must find their way back to each other in order to protect the ones they love. A HOUSE IN STOCKHOLM Highlights Life as an ex-spy for the C.I.A is tough enough when ghosts of the past refuse to let go. Chasing bad guys is all Joshua Daine knows. When he could avoid any personal involvement with work. Now, cut loose, reconnected with his father, financier Bennett Daine, and feelings for his longtime partner Valerie Rhodes no longer buried, emotions are suddenly complicated. Shifting gears completely he decides that, as a surprise for his father, he and Valerie will finish the remodel of a house in Stockholm, a long forgotten childhood home bought for him by his best friend, who was recently assassinated. Dealing with being a weekend handyman is bad enough but when the assassin shows up, old wounds are reopened. Emil Gayegos, from back in his training days, was hired for the kill and is now himself being hunted. A nice Swedish girl saves him from a bullet but it was her brother that fired the shot. Sorting bad guys from good guys is not easy. Back in D.C. a former ambassador took his own life, or did he? His son found him and the police believe he was involved. The Vice President's Chief of Staff was there, it was an accident but who will believe that? No one saw him, he's in the clear. He soon learns it's not that simple. Bodies begin to pile up. Who needs to protect an extensive and far reaching report on Climate Change in the Global Economy, full of the latest scientific facts

and proposed legal changes? Why is this report coming to light dangerous enough to kill two men on the research committee? Back into action Joshua and Valerie follow a trail that leads to the highest levels of government ambition and cover up.
