FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations. The early development of the screw propeller. Propeller geometry. The propeller environment. The ship wake field, propeller performance characteristics. The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and

repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.

The first guide to truly holistic health and fitness for those in their 40s From Tom Brady to Serena Williams, Tiger Woods and Roger Federer athletes are increasingly peaking later in their careers. Let Dr Marc Bubbs be your personal trainer in this accessible guide— aimed exclusively at those in their 40s. Create a customized program that works for YOU—from diet, to sleep, type of training and mindset, this book has all the tools you need. Peak 40 is for anyone wanting to rediscover the best

version of themselves coming into their 40s. Author Dr Marc Bubbs is a performance nutritionist with a portfolio of professional and Olympic athletes - but he is also the dad of three girls, all under 7! Dr. Bubbs is here with you, in the eye of the mid-life storm, and he has created the ultimate book to help you through it. For fans of Joe Wicks and Michael Mosley, Dr. Bubbs offers simple, evidence-based and time-efficient strategies to help you reignite your energy and passion. His realistic, grown-up and non-judgemental approach is to explain the effect some food groups and lack of exercise and sleep have on our body. The information presented is easy to digest and he offers advice that can be tailored to your body and personality type. In his expert opinion, small changes such as ‘not eating after 8pm for five out of seven days’ can have a big impact on weight loss and positive mood. Rather than eliminating certain food groups like fats and carbohydrates, he looks at ‘turning the dial’ on them depending on individual needs. If life has become too sedentary, he provides ways to increase suppleness so that you can start to reintroduce movement into your life without causing pain. Guiding us through the myriad of confusion lifestyle messages, Dr. Bubbs teaches us: How to increase flexibility How to train with achy joints, knees, back, shoulders... Whether a plant-based diet is right How to maintain bone health Whether to lift weights Who should do HIIT (and who shouldn’t) The importance of glucose control in your diet Advice on dealing with

anxiety and low mood How to set realistic expectations
"[Bubbs] dives into the nutrition and science—where it's
been and where it's heading."—Zack Bitter, world record-

This vintage book is an illustrated manual for motor boat, launch and yacht owners; operators of marine gasoline engines, and amateur boat-builders. It is a comprehensive guide to the design, construction, installation and operation of maritime motors, and contains instructions for the design and construction of motor boats. Contents include: "The Modern Motor Boat", "Marine Gasoline Engines", "Carburation and Carbureters", "Ignition", "Lubrication and Cooling Systems", "Reversing Gear and Propeller Wheels", "Exhaust Devices", "Installation of Motor-boat Engines", "Multicylinder Engines", "Choice of a Boat Model", "Practical Boatbuilding", "Steel Boats and Launchers", etc. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, high-quality edition complete with a specially commissioned new introduction on building boats.
