Brewing technicians and scientists from the Czech Republic have an excellent reputation and are

constantly seeking an exchange and discussion of their research findings on the international scene. And the team of authors around Professor Basařová are all experienced technicians and scientists with a wealth of international experience. In Illinois Zoning, Eminent Domain and Land Use Manual, three partners in the Chicago offices of the national law firms of DLA Piper LLP (U.S.) and Polsinelli Shughart, P.C. share their decades of experience in the area of land use and eminent domain law. These attorneys have been involved in millions of square feet of development, representing many of the most well-known projects in Illinois and

throughout the country. Using their book, you will learn the practical and strategic considerations in planning and litigating a land use case in Illinois. This manual will examine the all-too-often overlooked municipal presentation stage.
