Luther's Theology of the Cross represents a fully revised and updated edition of the classic 1985 text that expands on the author's ongoing research and reflects 25 years of Luther scholarship. Rewritten and expanded edition of a highly-acclaimed classic text Incorporates primary and secondary sources that have become available since the publication of the first edition Draws on advances in our understanding of the late medieval intellectual, cultural, and religious background of Luther's early development, and the nature of Luther's doctrine of justification (including the so-called 'Finnish' school), many of which have not yet been incorporated into Luther scholarship Luther's 'theological breakthrough' continues to be of central importance to Reformation Studies and the development of Protestantism Written by one of the world's leading Protestant theologians, who is an authority on the development of the doctrine of justification. His classic work Iustitia Dei: A History of the Christian Doctrine of Justification is now in its third edition (2005) Four hundred seventy years ago the Anabaptist movement was launched with the inauguration of believer's baptism and the formation of the first congregation of the Swiss Brethren in Zurich, Switzerland. This standard introduction to the history of Anabaptism by noted church historian William R. Estep offers a vivid chronicle of the rise and spread of teachings and

heritage of this important stream in Christianity. This third edition of *The Anabaptist Story* has been substantially revised and enlarged to take into account the numerous Anabaptist sources that have come to light in the last half-century as well as the significant number of monographs and other scholarly works on Anabaptist themes that have recently appeared. Estep challenges a number of assumptions held by contemporary historians and offers fresh insights into the Anabaptist movement. This 1991 book is a collection of writings by early Reformation radicals which illustrates both the diversity and the areas of agreement in their political thinking. The texts are drawn from the period 1521–7, centring on the German Peasants' War of 1524–6. The thinkers represented - Muntzer, Karlstadt, Grebel, Hut, Denck, and others - differed on important theological issues, yet all rejected the magistral reformation as serving the interests of society's elites. They advocated a strategy of Reformation from below, a sweeping transformation of society to the benefit of the lay commoner and the local community. With the start of the Peasants' War, radicals divided over the issue of the legitimacy of force. This division shaped the ways in which they confronted the failure of the Peasants' War and the alternate strategies for survival developed in its aftermath. Appended to the texts are a number of political programmes of the Peasants' War. These documents illustrate ways in which the radicals contributed to the uprising, and how the war itself led to greater clarity in the political theory of the radical Reformation. Combining seamless synthesis of original material with updated scholarship, *The European Reformations* 2nd edition, provides the most comprehensive and engaging textbook available on the origins and impacts of Europe's Reformations - and the consequences that continue to resonate today. A fully revised and comprehensive edition of this popular introduction to the Reformations of the sixteenth century Includes new sections on the Catholic Reformation, the Counter Reformation, the role of women, and the Reformation in Britain Sets the origins of the movements in the context of late medieval social, economic and religious crises, carefully tracing its trajectories through the different religious groups Succeeds in weaving together religion, politics, social forces, and the influential personalities of the time, in to one compelling story Provides a variety of supplementary materials, including end-of-chapter suggestions for further reading, along with maps, illustrations, a glossary, and chronologies A classroom staple for nearly 30 years, this new third edition presents over 100 carefully selected primary documents edited for even greater concision to capture the energy and moment of that tumultuous time. The saving of space results in a shorter book that now includes even more readings! Retaining all the well-loved features from the best-selling KS3 History course, this third edition is matched to the new 2014 National Curriculum and has a strong focus on assessment, skills building, and is packed with even more rich and absorbing sources to spark the interest of all your students. Written to match the new 2014 National Curriculum with expert support from experienced Head of History, Aaron Wilkes, the third editions of this well-loved series will hook your students' interest in KS3 History whilst helping them prepare for GCSE. *Renaissance, Revolution and Reformation 1509-1745* is the second of four new third editions, and covers: life in Tudor Britain, a world of discovery, Elizabeth I, the Stuarts, England at war, Cromwell's Commonwealth, the Restoration and change over time. This world history text provides a comprehensive overview of modern history (1600s-2000) from a Christian perspective. Each chapter

includes a timeline, listing of key terms, recommended projects, and comprehension questions. It is beautifully illustrated and contains numerous high-quality, two-color maps. Grade 10. Bainton presents the many strands that made up the Reformation in a single, brilliantly coherent account. He discusses the background for Luther's irreparable breach with the Church and its ramifications for 16th Century Europe, giving thorough accounts of the Diet of Worms, the institution of the Holy Commonwealth of Geneva, Henry VIII's break with Rome, and William the Silent's struggle for Dutch independence. The Reformation era has long been seen as crucial in developing the institutions and society of the English-speaking peoples, and study of the Tudor and Stuart era is at the heart of most courses in English history. The influence of the Book of Common Prayer and the King James version of the Bible created the modern English language, but until the publication of Gerald Bray's Documents of the English Reformation there had been no collection of contemporary documents available to show how these momentous social and political changes took place. This comprehensive collection covers the period from 1526 to 1700 and contains many texts previously relatively inaccessible, along with others more widely known. The book also provides informative appendixes, including comparative tables of the different articles and confessions, showing their mutual relationships and dependence. With fifty-eight documents covering all the main Statutes, Injunctions and Orders, Prefaces to prayer books, Biblical translations and other relevant texts, this third edition of Documents of the English R The Reformation: A Brief History is a succinct and engaging introduction to the origins and history of the Protestant Reformation. A rich overview of the Reformation, skillfully blending social, political, religious and theological dimensions A clearly and engagingly written narrative which draws on the latest and best scholarship Includes the history of the Reformation in Scandinavia and Eastern Europe, areas that are rarely covered in any detail The Reformation is placed in the context of the entire history of Christianity to draw out its origins, impetus, and legacy The Reformation era has long been seen as crucial in developing the institutions and society of the English-speaking peoples, and study of the Tudor and Stuart era is at the heart of most courses in English history. The influence of the Book of Common Prayer and the King James version of the Bible created the modern English language, but until the publication of Gerald Bray's Documents of the English Reformation there had been no collection of contemporary documents available to show how these momentous social and political changes took place. This comprehensive collection covers the period from 1526 to 1700 and contains many texts previously relatively inaccessible, along with others more widely known. The book also provides informative appendixes, including comparative tables of the different articles and confessions, showing their mutual relationships and dependence. With fifty-eight documents covering all the main Statutes, Injunctions and Orders, Prefaces to prayer books, Biblical translations and other relevant texts, this third edition of Documents of the English R This authoritative account of the Church in England covers its history from earliest times to the late twentieth century. Includes chapters on the Roman, Celtic, Anglo-Saxon, Norman, and Medieval periods before a description of the Reformation and its effects, the Stuart period, and the Industrial Age, with a final chapter on the modern church through 1972. The present commentary seeks to be a kind of halfway house between highly technical and popular treatments of Galatians. Its

purpose is to make the exposition as user-friendly as possible with only as many technicalities as necessary to accomplish that end. The emphasis of the work is decidedly theological, with attention focused on the salvation historical argument of Paul's letter. Its main target audience includes pastors, students, and Pauline scholars. The exposition assumes a modified form of the "New Perspective" on Paul and Second Temple Judaism as its framework of interpretation, and for this reason a premium has been placed on the letter's historical context as attested by the literature of Second Temple Judaism as well as the Greco-Roman environment. However, far from being inimical to the foundational concerns of the Reformation, this reading of the Galatian letter is fully supportive of the great mottoes of the Reformers themselves: 'Sola Scriptura', 'Sola Fide', and especially 'Solus Christus', and all the more as the present work endeavors to honor an oft-neglected slogan of the Reformation, 'Ad Fontes' (to the sources). The previous subtitle, A New Perspective/Reformational Reading, has now been changed to A Reading from the New Perspective in order to underscore the author's appreciation of what has been learned from such scholars as J. D. G. Dunn, N. T. Wright, and numerous others. George Williams' monumental *The Radical Reformation* has been an essential reference work for historians of early modern Europe, narrating in rich, interpretative detail the interconnected stories of radical groups operating at the margins of the mainline Reformation. In its scope--spanning all of Europe from Spain to Poland, from Denmark to Italy--and its erudition, *The Radical Reformation* is without peer. Now in paperback format, Williams' magnum opus should be considered for any university-level course on the Reformation. "Both by his choice of confessions and by his judicious and scholarly introductions, Mark Noll has made [the major Reformation confessions and catechisms] available in a form that is sure to deepen and enlighten doctrinal discussion and confessional awareness and that will therefore contribute to solidly evangelical and hence soundly ecumenical theology. I am delighted to see this book appear." - Jaroslav Pelikan, Yale University "It is a delight to welcome Mark Noll's well-chosen, well-edited selection of key sixteenth-century statements of faith - Lutheran, Reformed, Anglican, Anabaptist, Roman Catholic. To have this significant material brought together in one book is a boon, for the enrichment that comes of studying it as a whole is very great. For anyone who would take the measure of the Reformation conflict, this collection is a 'must.'" - J.I. Packer, Regent College "Mark Noll has ably introduced these still living confessions to a modern audience more prone to forgetfulness than any since the sixteenth century. This collection will be useful not only for classes in historical and systematic theology, but also to pastors and lay readers who wish better to understand their Protestant heritage." - Thomas C. Oden, Drew University Now in its third edition, *Reformation England 1480-1642* provides a clear and accessible narrative account of the English Reformation, explaining how historical interpretations of its major themes have changed and developed over the past few decades, where they currently stand, and where they seem likely to go. This new edition brings the text fully up-to-date with description and analysis of recent scholarship on the pre-Reformation Church, the religious policies of Henry VIII, Edward VI and Mary I, the impact of Elizabethan and Jacobean Puritanism, the character of English Catholicism, the pitfalls of studying popular religion, and the relationship between the Reformation and the outbreak of civil war in the seventeenth century. With

a significant amount of fresh material, including maps, illustrations and a substantial new Afterword on the Reformation's legacies in English (and British) history, *Reformation England 1480-1642* will continue to be an indispensable guide for students approaching the complexities and controversies of the English Reformation for the first time, as well as for anyone wishing to deepen their understanding of this fascinating and formative chapter in the history of England. For the third edition, this comprehensive history of the great heretical movements of the Middle Ages has been updated to take account of recent research in the field. The sixteenth-century Reformation remains a fascinating and exciting area of study. The revised edition of this distinguished volume explores the intellectual origins of the Reformation and examines the importance of ideas in the shaping of history. Provides an updated and expanded version of the original, highly-acclaimed edition. Explores the complex intellectual roots of the Reformation, offering a sustained engagement with the ideas of humanism and scholasticism. Demonstrates how the intellectual origins of the Reformation were heterogeneous, and examines the implications of this for our understanding of the Reformation as a whole. Offers a defence of the entire enterprise of intellectual history, and a reaffirmation of the importance of ideas to the development of history. Written by Alister E. McGrath, one of today's best-known Christian writers. A sumptuously written people's history and a major retelling and reinterpretation of the story of the English Reformation Centuries on, what the Reformation was and what it accomplished remain deeply contentious. Peter Marshall's sweeping new history—the first major overview for general readers in a generation—argues that sixteenth-century England was a society neither desperate for nor allergic to change, but one open to ideas of “reform” in various competing guises. King Henry VIII wanted an orderly, uniform Reformation, but his actions opened a Pandora's Box from which pluralism and diversity flowed and rooted themselves in English life. With sensitivity to individual experience as well as masterfully synthesizing historical and institutional developments, Marshall frames the perceptions and actions of people great and small, from monarchs and bishops to ordinary families and ecclesiastics, against a backdrop of profound change that altered the meanings of “religion” itself. This engaging history reveals what was really at stake in the overthrow of Catholic culture and the reshaping of the English Church. "Denis Janz's *A Reformation Reader* captures the energy and moment of that tumultuous time in a trove of over one hundred carefully edited primary documents. Along with plenty on the late-medieval background, the Lutheran, Calvinist, Radical, English, and Catholic Reformation are all well represented here. This new edition incorporates a dozen readings by and about women in the Reformation, adds a new chapter on Thomas Muntzer and the Peasants' War, and adds graphics, maps, and a companion Website with many student and teacher aids."--BOOK JACKET. George Williams' monumental *The Radical Reformation* has been an essential reference work for historians of early modern Europe, narrating in rich, interpretative detail the interconnected stories of radical groups operating at the margins of the mainline Reformation. In its scope—spanning all of Europe from Spain to Poland, from Denmark to Italy—and its erudition, *The Radical Reformation* is without peer. Now in paperback format, Williams' magnum opus should be considered for any university-level course on the Reformation. George Williams' monumental *The Radical Reformation* has been an

In its scope—spanning all of Europe from Spain to Poland, from Denmark to Italy—and its erudition, *The Radical Reformation* is without peer. Now in paperback format, Williams' magnum opus should be considered for any university-level course on the Reformation. A new edition of a seminal work—one that explores crucial changes within Europe from the fifteenth to the eighteenth century

The early modern period was one of profound change in Europe. It was witness to the development of science, religious reformation, and the birth of the nation state. As Europeans explored the world—looking to Asia and the Americas for new peoples and lands—their societies grew and adapted. Eminent historian Henry Kamen explores in depth the issues that most affected those living in early modern Europe—from leisure, work, and migration to religion, gender, and discipline—and the way in which population change impacted the aristocracy, the bourgeoisie, and the poor. The third edition of this pioneering study includes new and updated material on gender, religion, and population movement. Richly illustrated, this is essential reading for all those interested in early modern European society. Rediscover the Reformations in Europe with this insightful and comprehensive new edition of a long-time favorite

Amongst the authoritative works covering the European Reformation, Carter Lindberg's *The European Reformations* has stood the test of time. Widely used in classrooms around the world for over twenty-five years, the first two editions of the book were enjoyed and acclaimed by students and teachers alike. Now, the revised and updated Third Edition of *The European Reformations* continues the author's work to sketch the various efforts to reform received expressions of faith and their social and political effects, both historical and modern. He has expanded his coverage of women in the Reformations and added a chapter on reforms in East-Central Europe.

Comprehensively covering all of Europe, *The European Reformations* provides an in-depth exploration of the Reformations' effects on a wide variety of countries. The author discusses: The late Middle Ages and the historical context in which the Reformations gained a foothold Martin Luther, the theological and pastoral responses to insecurity, and the theological implications of those responses The implementation of reforms in Wittenberg, Germany Zwingli's reform program, the Reformation in Zurich, Switzerland, and the impact of medieval sacramental theology The Genevan Reformation and "The Most Perfect School of Christ" Perfect for undergraduate and graduate students in courses on Reformation studies, history, religion, and theology, this edition of *The European Reformations* also belongs on the bookshelves of theological seminary students and anyone with a keen interest in the Reformation and its ongoing impact on faith and society.
