Smith, Gailene McGhee St.Amand, and Kim Vaz-Deville Since 2004, the Baby Doll Mardi Gras tradition in New Orleans has gone from an obscure, almost forgotten practice to a flourishing cultural force. The original Baby Dolls were groups of black women, and some men, in the early Jim Crow era who adopted New Orleans street masking tradition as a unique form of fun and self-expression against a backdrop of racial discrimination. Wearing short dresses, bloomers, bonnets, and garters with money tucked tight, they strutted, sang ribald songs, chanted, and danced on Mardi Gras Day and on St. Joseph feast night. Today's Baby Dolls continue the tradition of one of the first street women's masking and marching groups in the United States. They joyfully and unabashedly defy gender roles, claiming public space and

proclaiming through their performance their right to social citizenship. Essayists draw on interviews, theoretical perspectives, archival material, and historical assessments to describe women's cultural performances that take place on the streets of New Orleans. They recount the history and contemporary resurgence of the Baby Dolls while delving into the larger cultural meaning of the phenomenon. Over 140 color photographs and personal narratives of immersive experiences provide passionate testimony of the impact of the Baby Dolls on their audiences. Fifteen artists offer statements regarding their work documenting and inspired by the tradition as it stimulates their imagination to present a practice that revitalizes the spirit. Reproduction of the original: *A Doll's House* by Henrik Ibsen Sue Atkinson, author of the highly acclaimed *Climbing out of Depression and Building Self-Esteem*, turns her attention to the subject of sexual and emotional abuse. Writing from her own experience, she gets alongside survivors to offer hope and guidance. The book is written in practical style with concrete advice and excellent pointers. The text is broken up into short sections to make it easy to digest. One of the first women's organizations to "mask" in a Mardi Gras parade, the "Million Dollar Baby Dolls" redefined the New Orleans carnival tradition. Tracing their origins from Storyville brothels and dance halls to their re-emergence in post-Katrina New Orleans, author Kim Vaz uncovers the fascinating history of the "raddy-walking, shake-dancing, cigar-smoking, money-flinging" ladies that strutted their way into a predominantly male establishment. The Baby Dolls formed around 1912 as an organization for African American women who used their profits from working in New Orleans's red-light district to compete with other black women in their profession on Mardi Gras. Part of this competition involved the tradition of masking in which carnival groups create a collective identity through costuming. Their baby doll costumes—short satin dresses, stockings with garters, and bonnets—set against their bold and provocative public behavior not only exploited stereotypes but also empowered and made visible an otherwise marginalized demographic of women. In addition to their subversive presence at Mardi Gras, the Baby Dolls helped shape the sound of jazz in the city. The Baby Dolls often worked in and patronized dance halls and honky-tonks, where they introduced new dance steps and challenged house musicians to keep up the beat. The entrepreneurial Baby Dolls also sponsored dances with live jazz bands, effectively underwriting the advancement of an art form now inseparable from New Orleans's identity. Over time, the Baby Doll's members diverged as different neighborhoods adopted the tradition. Groups such as the Golden Slipper Club, the Gold Diggers, the Rosebud Social and Pleasure Club, and the Satin Sinners stirred the creative imagination of middle-class Black women and men across New Orleans, from the

downtown Tremé area to the uptown community of Mahalia Jackson. Vaz follows the Baby Doll phenomenon through one hundred years of photos, articles, and interviews to conclude with the birth of contemporary groups such as the modern day Antoinette K-Doe's Ernie K-Doe Baby Dolls, the New Orleans Society of Dance's Baby Doll Ladies, and the Tremé Million Dollar Baby Dolls. Her book celebrates these organizations' crucial contribution to Louisiana's cultural history. Jr Lib Guild. Teacher's Guide available. Reprint. Only eighteen, Rose had a three month-old baby, born out of wedlock. Her mother Sybil, determined to protect the family reputation, had carefully concealed the baby from the entire town. This was 1910, after all. That fateful day, Sybil brought an old doll down from the attic as a present for baby Angela. Mysteriously, the next day Angela did not wake up. Just a few days later, there was more dreadful news. Several strange events in such a short period of time Sybil gave birth to Ted a few years later. Both Sybil and her unmarried daughter Gertrude doted on Ted as he grew up. However, Sybil was furious when Ted decided to marry Jenny, the maid. They were forced to elope. The couple soon had a daughter, Annie. In 1950, when Annie was eight, Sybil's deathbed wish was that Ted and Jenny would bring Annie so that she could at last lay eyes on her grand-daughter. Upon seeing Annie, Sybil said "Now she is yours", then collapsed. The family had no idea what she meant ... After Sybil passed away, Ted, Jenny and Annie moved into the old house to live with Gertrude. Unfortunately, death continued to stalk the family. Years later the neighborhood was being developed and a new family moved in next door to the old mansion. Unsurprisingly, two young girls decided to check out the abandoned

house, where they found an old doll. Was it possible that the house had sat unoccupied for forty years? Sadly, the troubles in the old house were not yet at an end ... #1 NEW YORK TIMES BESTSELLER • The critically acclaimed singer-songwriter, producer, and six-time Grammy winner opens up about faith, sexuality, parenthood, and a life shaped by music in "one of the great memoirs of our time" (Glennon Doyle, author of Untamed). NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND AUTOSTRADDLE • "The best-written, most engaging rock autobiography since her childhood hero, Elton John, published Me."—Variety Brandi Carlile was born into a musically gifted, impoverished family on the outskirts of Seattle and grew up in a constant state of change, moving from house to house, trailer to trailer, fourteen times in as many years. Though imperfect in every way, her dysfunctional childhood was as beautiful as it was strange, and as nurturing as it was difficult. At the age of five, Brandi contracted bacterial meningitis, which almost took her life, leaving an indelible mark on her formative years and altering her journey into young adulthood. As an openly gay teenager, Brandi grappled with the tension between her sexuality and her faith when her pastor publicly refused to baptize her on the day of the ceremony. Shockingly, her small town rallied around Brandi in support and set her on a path to salvation where the rest of the misfits and rejects find it: through twisted, joyful, weird, and wonderful music. In Broken Horses, Brandi Carlile takes readers through the events of her life that shaped her very raw art—from her start at a local singing competition where she performed Elton John's "Honky Cat" in a bedazzled white polyester suit, to her first break opening for Dave Matthews Band, to many sleepless tours over fifteen years and six studio albums, all while raising two children with her wife, Catherine Shepherd. This hard-won success led her to collaborations with personal heroes like Elton John, Dolly Parton, Mavis Staples, Pearl Jam, Tanya Tucker, and Joni Mitchell, as well as her peers in the supergroup The Highwomen, and ultimately to the Grammy stage, where she converted millions of viewers into instant fans. Evocative and piercingly honest, Broken Horses is at once an examination of faith through the eyes of a person rejected by the church's basic tenets and a meditation on the moments and lyrics that have shaped the life of a creative mind, a brilliant artist, and a genuine empath on a mission to give back. More than anything, William wants a doll. "Don't be a creep," says his brother. "Sissy, sissy," chants the boy next door. Then one day someone really understands William's wish, and makes it easy for others to understand, too. A NEW YORK TIMES BESTSELLER A New York Times Notable Book "Riveting, heartbreaking, sometimes difficult, always inspiring." —The New York Times Book Review "An incredibly moving memoir about what it means to be a doctor." —Ellen Pompeo As seen/heard on Fresh Air, The Daily Show with Trevor Noah, NBC Nightly News, MSNBC, Weekend Edition, and more An emergency room physician explores how a life of service to others taught her how to heal herself. Michele Harper is a female, African American emergency room physician in a profession that

is overwhelmingly male and white. Brought up in Washington, D.C., in a complicated family, she went to Harvard, where she met her husband. They stayed together through medical school until two months before she was scheduled to join the staff of a hospital in central Philadelphia, when he told her he couldn't move with her. Her marriage at an end, Harper began her new life in a new city, in a new job, as a newly single woman. In the ensuing years, as Harper learned to become an effective ER physician, bringing insight and empathy to every patient encounter, she came to understand that each of us is broken—physically, emotionally, psychically. How we recognize those breaks, how we try to mend them, and where we go from there are all crucial parts of the healing process. *The Beauty in Breaking* is the poignant true story of Harper's journey toward self-healing. Each of the patients Harper writes about taught her something important about recuperation and recovery. How to let go of fear even when the future is murky: How to tell the truth when it's simpler to overlook it. How to understand that compassion isn't the same as justice. As she shines a light on the systemic disenfranchisement of the patients she treats as they struggle to maintain their health and dignity, Harper comes to understand the importance of allowing ourselves to make peace with the past as we draw support from the present. In this hopeful, moving, and beautiful book, she passes along the precious, necessary lessons that she has learned as a daughter, a woman, and a physician. Laura Brandon's promise to her dying father was simple: to visit an elderly woman she'd never heard of before. A woman who remembers nothing—except the distant past. Visiting Sarah Tolley seemed a small enough sacrifice to make. But Laura's promise results in another death. Her husband's. And after their five-year-old daughter, Emma, witnesses her father's

suicide, Emma refuses to talk about it—to talk at all. Frantic and guilt ridden, Laura contacts the only person who may be able to help. A man she's met only once—six years before. A man who doesn't know he's Emma's real father. Guided only by a child's silence and an old woman's fading memories, the two unravel a tale of love and despair, of bravery and unspeakable evil. "Whether we love them or hate them, think they're sexy, think they're strange, consider them too big, too small, or anywhere in between, humans have a complicated relationship with butts. It is a body part unique to humans, critical to our evolution and survival, and yet it has come to signify so much more: sex, desire, comedy, shame. A woman's butt, in particular, is forever being assessed, criticized, and objectified, from anxious self-examinations trying on jeans in department store dressing rooms to enduring crass remarks while walking down a street or high school hallways. But why? In *Butts: A Backstory*, reporter, essayist, and *RadioLab* contributing editor Heather Radke is determined to find out."-- Annabelle Doll is eight years old-she has been for more than a hundred years. Not a lot has happened to her, cooped up in the dollhouse, with the same doll family, day after day, year after year. . . until one day the *Funcrafts* move in. Abby Abernathy is re-inventing herself as the good girl as she begins her freshman year at college, which is why she must resist lean, cut, and tattooed Travis Maddox, a classic bad boy. To rescue him, she forms an uneasy alliance with a teenage E'rikon left stranded in the woods. She agrees to guide him to the city if he sneaks her past the human-proof barrier. Too bad it's not that simple. Jax, who cannot stand to be touched, finds that she's drawn to the alien boy with bright green hair and jewel-like scales on his back. And he's equally affected by her, the courageous redhead with haunted eyes. But she doesn't know the alien's true motives and he has no idea that she is much more than she seems. With the aliens and the humans at odds, the connection forming between the two teens has consequences. What started off as a rescue mission sets a chain of events in motion which threatens not only the remaining humans and the growing alien society, but Earth itself. Inspired by the 2017 Women's March in Washington, DC, Gerber's book includes over two hundred photographs of the city's most well-known women and the everyday women who make New Orleans so rich and diverse. Drawing from her own archives as well as new works, Gerber's selection of photographs in *Cherchez la Femme* highlights the contributions of women to the city, making it one of the only photographic histories of modern New Orleans women. Alongside Gerber's photographs are twelve essays written by female writers about such women as Leah Chase, Irma Thomas, Mignon Faget, and Trixie Minx. Also featured are prominent groups of women that have made their mark on the city, like the Mardi Gras Indians, Baby Dolls, and the Krewe of Muses, among others. The book is divided into eleven chapters, each celebrating the women who add to New Orleans's uniqueness, including entertainers, socialites, activists, musicians, chefs, entrepreneurs, spiritual leaders, and burlesque artists. Picking up where they last left off in *Breaking Cat News*, are Elvis, Puck, and Lupin reporting on the breaking news that matters to cats. Cynical, no-nonsense Elvis and shy, sweet, sensitive Puck are the reporter kitties in the field, while the adventurous jokester Lupin serves as anchor cat. Together, they're back to break headlines on mysterious man "tails," all things holiday-related, new cat friends, and all the daily happenings in and outside their home. The super fun "More to Explore" section includes how to draw the BCN news crew, how to draw expressions, how to draw your pet as a reporter, and paper dolls of the crew, along with props and extras! After Hurricane Katrina devastated New Orleans and the surrounding region in 2005, the city debated whether to press on with Mardi Gras or cancel the parades. Ultimately, they decided to proceed. New Orleans's recovery certainly has resulted from a complex of factors, but the city's unique cultural life—perhaps its greatest capital—has been instrumental in bringing the city back from the brink of extinction. Voicing a civic fervor, local writer Chris Rose spoke for the importance of Carnival when he argued to carry on with the celebration of Mardi Gras following Katrina: "We are still New Orleans. We are the soul of America. We embody the triumph of the human spirit. Hell, we ARE Mardi Gras." Since 2006, a number of new

Mardi Gras practices have gained prominence. The new parade organizations or krewes, as they are called, interpret and revise the city's Carnival traditions but bring innovative practices to Mardi Gras. The history of each parade reveals the convergence of race, class, age, and gender dynamics in these new Carnival organizations. *Downtown Mardi Gras: New Carnival Practices in Post-Katrina New Orleans* examines six unique, offbeat, Downtown celebrations. Using ethnography, folklore, cultural studies, and performance studies, the authors analyze new Mardi Gras's connection to traditional Mardi Gras. The narrative of each krewe's development is fascinating and unique, illustrating participants' shared desire to contribute to New Orleans's rich and vibrant culture. Tennessee Williams's controversial Hollywood screenplay *Baby Doll* opens with Archie Lee's teenage bride driving him to distraction, as she has refused to consummate their marriage until the day of her twentieth birthday. Enter wily Sicilian Silva Vaccaro, Archie's rival both in the cotton business and for the affections of the flirtatious *Baby Doll*, and things reach breaking-point. This volume also contains *Something Unspoken*, a brilliantly comic study of a wealthy, manipulative Southern spinster, and *Summer and Smoke*, a sexually charged portrayal of Alma, a sensitive, unmarried minister's daughter, and her childhood love, the wild, sensual doctor's son John. New Orleans is practically synonymous with Mardi Gras. Both evoke the parades, the beads, the costumes, the food--the pomp and circumstance. The carnival krewes are the backbone of this Big Easy tradition. Every year, different krewes put on extravagant parties and celebrations to commemorate the beginning of the Lenten season. Historic krewes like Comus, Rex and Zulu that date back generations are intertwined with the greater history of New Orleans itself. Today, new krewes are inaugurated and widen a once exclusive part of New Orleans society. Through careful and detailed research of over three hundred sources, including fifty interviews with members of these organizations, author and New Orleans native Rosary O'Neill explores this storied institution, its antebellum roots and its effects in the twenty-first century. A sports reporter investigates the training of girls as professional gymnasts and figure skaters, arguing that the

pressure to succeed and to look beautiful results in mental and physical harm, from eating disorders to psychological trauma. Tonight's top story: the intrepid team of feline reporters is back on the beat and tackling stories like a runaway toy mouse in this second collection of *Breaking Cat News* comics for middle-grade readers. Once again Lupin, Elvis, and Puck—alongside boisterous field correspondents like Tommy—deliver hard-hitting reportage on all of the most pressing issues, such as Vacuum Awareness Week, the case of the missing breakfast, and the history of fuzzy blankets. The gang also meets new characters like Burt, the free-spirited barn cat who helps solve some AV problems. And these cats will need all of the help they can get to get to the bottom of some mysterious ghost sightings and prove they're not scaredy. The More-to-Explore section includes paper dolls, how to make pet rock cats, and explores the Big Pink House and the BCN apartment within.
