Peter Harris is a young, nerdy physicist with big

dreams—and those dreams have finally come true. He has invented a “replicator,” a machine that creates items for human survival using sub-atomic particles. Peter’s machine doesn’t affect the environment and appears to be a miracle of modern science. Despite the machine’s ability to feed and clothe humanity and even create building materials while reducing carbon dioxide, powerful people are not pleased. The United States government hopes to thwart Peter’s accomplishments, even though his replicator could save the world. Desperate to share his breakthrough, Peter assembles a team to navigate the pitfalls of creating powerful enemies. They must now represent the resistance and survive all attempts to end replicator technology. In an ironic twist of fate, this miracle of life-changing proportions holds the seeds of tragedy. What is the message behind the miracles of Jesus? Max Lucado will take you and your study group on an investigation of the Gospel of John to answer this

question and to show us that our miracle-working God is always nearer than we think. When Jesus healed the sick, walked on water, resurrected Lazarus, turned water into wine: what do these miraculous signs mean for us? What do they tell us about our God? John chose the stories and events from Jesus' life that he believed would make his readers understand this essential message about who Jesus is: that God is with us. Each part of this 6-session video study guide (DVD/video streaming sold separately) makes this message clear in a different aspect of our lives. Sessions include: God is With You in the Ordinary God is With You When You're Stuck God is With You in the Storm God is With You in the Dark God is With You in the Valley God is With You When You Need Grace As you work through this study guide, you'll come to understand God's nearness in new ways. You'll see with fresh perspective how God hears us, forgives us, heals us. You'll learn that you are stronger than you think because God is nearer

than you know. Designed for use with the You Are Never Alone Video Study available on DVD or streaming video, sold separately. What if you missed a miracle yesterday? overcoming life-threatening health challenges to near financial collapse. - Replace fear with faith

Highly recommended."—Lewis Howes, New York Times bestselling author of *The School of Greatness* "You're only two decisions away from achieving everything you want. And my friend, Hal Elrod, has simplified these two decisions into a simple equation for achieving results. Follow it, and your success is virtually guaranteed. If you want your biggest goals to move from possible, to probable, to inevitable, you better read *The Miracle Equation*."—Mel Robbins, bestselling author of *The 5-Second Rule*

Zack Dylan has a dream. He wants to sing on the biggest stages, for the biggest crowds, and he'll do whatever it takes to make it come true. But Zack also made a promise to his college sweetheart when he left Kentucky to compete on the popular TV show *Fifteen*

Minutes: If he made it, nothing would change him or his faith in God. Overnight, Zack becomes the nation's most popular contestant, a country singer comparable to a young Tim McGraw. As his star rises, Zack is often asked to compromise and quiet his beliefs. Just as he's on the verge of winning it all, his choices lead him to the brink of personal disaster. Meanwhile, a former *Fifteen Minutes* winner is searching for meaning amidst her own private losses. Can she warn Zack about the real price of fame? Or will Zack lose everything he loves for his fifteen minutes of glory? The basics of *The Five-Minute Miracle* came to Tara Springett, a psychotherapist, in meditation one day. The system is a pleasurable self-help method that is designed to overcome all sorts of psychological problems, as well as easing chronic pain and tiredness. The method only takes five minutes each day and is so simple that it can be used by anyone, anywhere, even by children. A synthesis of Tibetan Buddhist principles and humanistic psychology, the core

of the practice is to make contact with our Higher Consciousness (in whatever form we perceive it) and receive a healing symbol to overcome our problems. This symbol will be visualized (or sensed) in our heart, radiating loving light to ourselves and to everyone who is involved in the problem. It's a system that can be used over and over again — for a new problem, ask for a new symbol. This system, which the author calls Higher Consciousness Healing, has brought extremely impressive and reliable results — within days or a few weeks of beginning the practice — to hundreds of individuals and families. Now everyone can learn and practice these principles through this extraordinary and miraculous book. When life gets difficult, is God paying attention? If I'm facing challenge after challenge, will God help? When my days become dark and stormy, does God notice? The answer in the life-giving stories in the Gospel of John is a resounding yes. In *You Are Never Alone*, pastor and New York Times

bestselling author Max Lucado reminds us that our miracle-working God sees us, cares about us, and will always come to our aid, no matter what we're up against. By tracing Jesus' miracles as told in the book of John, *You Are Never Alone* invites us to take a closer look at the good news John shares with each of us: God is never afraid to meet us in the middle of life's messes, extend a helping hand, and lift us out of our troubles. *You Are Never Alone* will equip you to: Get unstuck and take your first step into a better tomorrow Dwell in the grace of the cross and the miracle of the empty tomb Believe that God is your ever-present source of help and hope Take comfort that you are never without God's protection *You Are Never Alone* also includes thoughtful, comprehensive reflection questions designed to go along with each chapter, giving you a chance to dive even deeper into the ways that God walks with you every step of the way. In January 1984, I endured a sorrow deeper than my worst nightmares and fears. After

experiencing two miscarriages, several surgeries, and an enormous amount of emotional disappointment trying to have children, I saw my newborn son's life slip away from me after only 36 hours on this earth. As the sorrow and loss began to surround me, I struggled to survive, as any mother would. It didn't matter that I was part of a well-known family and married to an evangelist. It didn't matter that they were known by millions of people across America and the world. The grief still cut me like a knife. Despair still haunted my waking and sleeping hours, and I wondered if I could ever know joy again after losing my precious baby. In that desperate time, I turned to God. Although pain and sorrow can invade anyone's life in any area of life, I believe God is quick to bring comfort and healing to those who call out to Him. Suggests various ways of redoing a room and keeping it organized, including decorating hints, crafts, cleanup tips, storage ideas, and room-sharing solutions. For millions, the idea of public

speaking is terrifying--actually ranking ahead of the fear of death. Many books on public speaking promise to turn shy talkers into impressively confident speakers, but *Speaking Scared, Sounding Good* is different. Written by Dr. Peter Desberg, a practicing psychologist who has taught thousands of people to speak in front of groups, it doesn't make ridiculous claims. What it does do is provide you with proven techniques that will enable you to make it through any speech and—even though you may still be nervous—sound as if you know what you are talking about. You'll learn how to relax, how to focus, and how to set reachable goals for yourself. Through worksheets and self-tests, you'll be able to isolate and address your individual needs. The author even discusses the unique speaking problems associated with dyslexia. If the fear of public speaking has been holding you back in your career—or if you've simply run out of excuses to avoid talking in front of your local garden club—*Speaking*

Scared, Sounding Good will successfully guide you through the process. When Harlan Fisher was eight years old, he started hearing and talking to what he now calls the Voice because that is exactly what it is, an inner voice that he hears and communicates with continuously. The Voice is an informative and inspirational journey into the discovery of your inner voice and how to listen to your higher energy self. One of the major objectives of the book is to help you identify with all the elements surrounding the concept of hearing an inner voice, just as many famous people have throughout their lives. The book begins with a description of two eight-year-old boys and their encounters with a Voice. The anecdotes help the book read like a novel, even though it is nonfiction and includes all the self help attributes that individuals need to achieve the requirements necessary to discover their own higher energy self. Furthermore, the book reveals a scientific and metaphysical enlightenment that is occurring throughout the

world with new ideas that are gaining speed with every new discovery. Part Two teaches techniques to help us listen to the Voice and the importance of understanding how we learn. This section goes into specific detail on how we can remain flexible thinkers and adapt to continuous change. Part Three clarifies the practical information we need to tap into our higher selves and avoid important stumbling blocks in our lives, such as social stigma, fear of the unknown, labeling, education, religion, and mental illness. With the knowledge you attain up to this point, you will be able to translate the various techniques the voice may use to communicate to you. The numerous stories in the book give you variations of what to expect when communicating with the Voice. People with questions. The Bible is absolutely full of them. A crook on a cross. A wild man in a cemetery. A five-time divorcée. A despondent cripple. A grieving sister. A father at the end of his rope. Why are these portraits in the Bible?

So we can look back in amazement at what Jesus did? No ... these aren't just Sunday school stories. They are historic moments in which a real God met real pain so we could answer the question. "Does God care when I hurt?" On every page of this powerfully moving book, New York Times best-selling author Max Lucado reminds us that the God who spoke to Moses at the burning bush still speaks to you today. The God who forgave King David still offers you forgiveness. The God who helped men and women in ages past still comes into your world, and he comes to do what you can't, to move the stone away so you can see his answer. Billionaire Crown Prince Skandar Al-Basran's life is disrupted in a big way when a red-headed beauty literally stumbles into his life. His uncle is challenging him for the throne, and not marrying Gina will weaken Skandar's support among the desert tribes. He'll make it worth her while, compensate her for her time. Business only. Gina doesn't need much convincing; she's happy to

help keep peace with the tribes she's come to deeply respect. But through the whirlwind of events leading up to the convocation, Skandar and Gina's desire for each other grows stronger. Gina, who's fallen hard for Skandar, comes to realize she won't settle for anything but love, and Skandar just can't seem to understand that love is the one thing he needs most. What prevents people from doing what they sincerely want to do? You can come up with all sorts of explanations ranging from childhood trauma to geneti, to personality types, but what it really boils down to is the fact that most people simply aren't skilled in managing their minds. When we try to break a habit our brain sends out signals of alarm and discomfort. To get past this, we must put our "logical brain" in charge. Using self-hypnosis and Neuro-Linguistic Programming (NLP) is one of the easiest ways to achieve this. Hypnosis relaxes and quietens the mind's chatter and can provide strategies to manage the mind and to access the qualities and strengths that we already possess. NLP is the one psychological approach that spells out those strategies step-by-step. This book

explains how the concepts and mechanisms of hypnosis and the principles of NLP make for effective approaches to self-hypnosis. Includes daily practical exercises that will reshape your life! It does not take a life time or a library of books to learn the secret of success or abide in the laws of blessing. It only takes about ten to fifteen minutes which is the length of the message to learn the truth on how to obtain a continual, amazing and prosperous life. For all who will attempt this journey will not be disappointed, because it is a law that cannot be broken. A prosperous life is intended for every living being to enjoy, not just for a few. It was never intended for mankind to suffer or lack for anything, but we do because the law of success has been hidden and the truth shaded with grays. What

I'm about to say at first might seem a little absurd or too simple for you to believe. But if you will with an open mind, consider this message, the light will be turned on. Whither you believe in God or not it does not matter, but it helps because God is the source, for without a source there can be no transfer of power. The law works like unto the law of gravity, it works for everyone. If you obey the laws of gravity you will walk in harmony with the law, but against it, you will experience difficulties. The following presentation will open doors in every area in your life to be potentially blessed. I say potentially because it is up to you on how serious you take this awareness and apply it. The law allows anyone who will follow its path to be blessed beyond their expectation.
