Based on newly discovered letters and memos, this riveting scholarly history of the conservative justice who became a free-speech advocate and established the modern understanding of the First Amendment reconstructs his journey from free-speech skeptic to First Amendment hero. (This book was previously featured in Forecast.) William Dean Howells (1837-1920) was an American realist author and literary critic. He wrote his first novel, *Their Wedding Journey*, in 1871, but his literary reputation really took off with the realist novel *A Modern Instance*, published in 1882, which describes the decay of a marriage. His 1885 novel *The Rise of Silas Lapham* is perhaps his best known, describing the rise and fall of an American entrepreneur in the paint business. His social views were

also strongly reflected in the novels *Annie Kilburn* (1888) and *A Hazard of New Fortunes* (1890). While known primarily as a novelist, his short story "Editha" (1905) - included in the collection *Between the Dark and the Daylight* (1907) - appears in many anthologies of American literature. Howells also wrote plays, criticism, and essays about contemporary literary figures such as Ibsen, Zola, Verga, and, especially, Tolstoy, which helped establish their reputations in the United States. He also wrote critically in support of many American writers. It is perhaps in this role that he had his greatest influence.

"Consistently gripping.... [I]t's possessed of a zest and omnivorous curiosity that reflects the boundless energy of its subject." —Steve Donoghue, *Christian Science Monitor*

Oliver Wendell Holmes escaped death twice as a young Union officer in the Civil War. He lived ever after with unwavering moral courage, unremitting scorn for dogma, and an insatiable intellectual curiosity. During his nearly three decades on the Supreme Court, he wrote a series of opinions that would prove prophetic in securing freedom of speech, protecting the rights of criminal defendants, and ending the Court's reactionary resistance to social and economic reforms. As a pioneering legal scholar, Holmes revolutionized the understanding of common law. As an enthusiastic friend, he wrote thousands of letters brimming with an abiding joy in fighting the good fight. Drawing on many previously unpublished letters and records, Stephen Budiansky offers the fullest portrait yet of this pivotal American figure. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Oliver Wendell Holmes, Jr., has been called the greatest jurist and legal scholar in the history of the English-speaking world. In this collection of his speeches, opinions, and letters, Richard Posner reveals the fullness of Holmes' achievements as judge, historian, philosopher, and master of English style. Thematically arranged, the volume covers a rich variety of subjects from aging and death to themes in politics, personalities, and law. Posner's substantial introduction firmly places this wealth of material in its proper biographical and historical context. "A first-rate prose stylist, [Holmes] was perhaps the most quotable of all judges, as this ably edited volume shows."—*Washington Post Book World* "Brilliantly edited, lucidly organized, and equipped with a compelling introduction by Judge Posner, [this book] is one of the finest single-volume samplers of any author's work I have seen. . . . Posner has fully captured the acrid tang of him in this masterly anthology."—*Terry Teachout, National Review* "Excellent. . . . A worthwhile contribution to current American political/legal discussions."—*Library Journal* "The best source for the reader

who wants a first serious acquaintance with Holmes."—Thomas C. Grey, *New York Review of Books* This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. By any measure, Oliver Wendell Holmes, Jr., led a full and remarkable life. He was tall and exceptionally attractive, especially as he aged, with piercing eyes, a shock of white hair, and prominent moustache. He was the son of a famous father (Oliver Wendell Holmes, Sr., renowned for "The Autocrat of the Breakfast Table"), a thrice-wounded veteran of the Civil War, a Harvard-educated member of Brahmin Boston, the acquaintance of Longfellow, Lowell,

and Emerson, and for a time a close friend of William James. He wrote one of the classic works of American legal scholarship, *The Common Law*, and he served with distinction on the Supreme Court of the United States. He was actively involved in the Court's work into his nineties. In *Justice Oliver Wendell Holmes*, G. Edward White, the acclaimed biographer of Earl Warren and one of America's most esteemed legal scholars, provides a rounded portrait of this remarkable jurist. We see Holmes's early life in Boston and at Harvard, his ambivalent relationship with his father, and his harrowing service during the Civil War (he was wounded three times, twice nearly fatally, shot in the chest in his first action, and later shot through the neck at Antietam). White examines Holmes's curious, childless marriage (his diary for 1872 noted on June 17th that he had married Fanny Bowditch Dixwell, and the next sentence indicated that he had become the sole editor of the *American Law Review*) and he includes new information on Holmes's relationship with Clare Castletown. White not only provides a vivid portrait of Holmes's life, but examines in depth the inner life and thought of this preeminent legal figure. There is a full chapter devoted to *The Common Law*, for instance, and throughout the book, there is astute commentary on Holmes's legal writings. Indeed, White reveals that some of the themes that have dominated 20th-century American jurisprudence--including protection for free speech and the belief that "judges make the law"--originated in Holmes's work. Perhaps most important, White suggests that understanding Holmes's life is crucial to understanding his work, and he continually stresses the connections between Holmes's legal career and his personal life. For instance, his desire to distinguish himself from his father and from the "soft" literary culture of his father's generation drove him to legal scholarship of a particularly demanding kind. White's biography of Earl Warren was hailed by Anthony Lewis on the cover of *The New York Times Book Review* as "serious and fascinating," and *The Los Angeles Times* noted that "White has gone beyond the labels and given us the man." In *Justice Oliver Wendell Holmes*, White has produced an equally serious and fascinating biography, one that again goes beyond the labels and gives us the man himself. "Persuasive. A welcome addition." —*The Journal of Legal History* "A masterly exposition of the complex details of Holmes' Supreme Court work." —*The Core Review* In this work, H.L. Pohlman calls for a new interpretation of Holmes as a moderate defender of free speech, and provides a window into Holmes' basic understanding of American constitutionalism. Pohlman argues that Holmes played a crucial role in the development of the idea that the Constitution is a living entity, an idea that differed radically from nineteenth-century antecedents. Discussion of the views, decisions and influence of Supreme Court justice Oliver Wendell Holmes, Jr. The American poet, doctor, teacher, hymn writer, lecturer and novelist Oliver Wendell Holmes was one of the illustrious East Coast Brahmins - the Fireside Poets who included Longfellow, Whittier and Bryant. He was immensely popular in his own time, and his poems and hymns were recited and sung throughout the land. His patriotic ballads, his meditations on love and life, and his satirical and humane observations on the home and society have given us a robust panoply of America in the late nineteenth century. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. Oliver Wendell Holmes Sr. (August 29, 1809 - October 7, 1894) was an American physician, poet, and polymath based in Boston. A member of the Fireside Poets, he was acclaimed by his peers as one of the best writers of the day. His most famous prose works are the "Breakfast-Table" series, which began with *The Autocrat of the Breakfast-Table* (1858). He was also an important medical reformer. In addition to his work as an author and poet, Holmes also served as a physician, professor, lecturer, and inventor, and although he never practiced it, he received formal training in law. Born in Cambridge, Massachusetts, Holmes was educated at Phillips Academy and Harvard College. After graduating from Harvard in 1829, he briefly studied law before turning to the medical profession. He began writing poetry at an early age; one of his most famous works, "Old Ironsides", was published in 1830 and was influential in the eventual preservation of the USS Constitution. Following training at the prestigious medical schools of Paris, Holmes was granted his M.D. from Harvard Medical School in 1836. He taught at Dartmouth Medical School before returning to teach at Harvard and, for a time, served as dean there. During his long professorship, he became an advocate for various medical reforms and notably posited the controversial idea that doctors were capable of carrying puerperal fever from patient to patient. Holmes retired from Harvard in 1882 and continued writing poetry, novels and essays until his death in 1894. *Life and Letters of Oliver Wendell Holmes* is an unchanged, high-quality reprint of the original edition of 1896. Hanserbooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists

are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. An eBook edition of this fine biography is now available. The print edition garnered extraordinary praise; a new preface brings this eBook edition up to date. Oliver Wendell Holmes, Jr. aspired to be a poet and philosopher, was wounded in the Civil War, courted aristocratic women, became one of the greatest judges in American history, and lived long enough to give advice to

Franklin Delano Roosevelt. We see through Holmes's eyes, and his searching intelligence, almost a century of American history and the slow growth of a new understanding of the Constitution. "An ideal biography for the intelligent general reader... the fascination [Holmes] exerts, a combination of toughness and style, shines through this book." — The New Yorker "[Novick] is the type of scholar who, though trained in law, asks Harvard's Arnold Herbarium to identify some leaves pressed into an old love letter... One opens his book with high hopes, and as chapter follows masterly chapter the hopes mature into admiration of author and awe of subject." — Edmund Morris, The New York Times "The book's strength lies in its fast-paced vividness of narrative and its steadiness of belief in the wholeness and stature of Holmes as a man... Novick tells Holmes's story with verve, insight, and a command of his material. Even his footnotes capture the reader." — Max Lerner, The New Republic "[Holmes's life] is stuff for great biography and Sheldon M. Novick has given us just that... a work of original and exact scholarship... concise and readable, yet provides enough historical and legal background to enable the nonspecialist to read the book with comprehension and pleasure." — Hon. Richard A. Posner, The Wall Street Journal This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. Oliver Wendell Holmes, Jr. is considered by many to be the most influential American jurist. The voluminous literature devoted to his writings and legal thought, however, is diverse and inconsistent. In this study, Frederic R. Kellogg follows Holmes's intellectual path from his early writings through his judicial career. He offers a fresh perspective that addresses the views of Holmes's leading critics and explains his relevance to the controversy over judicial activism and restraint. Holmes is shown to be an original legal theorist who reconceived common law as a theory of social inquiry and who applied his insights to constitutional law. From his empirical and naturalist perspective on law, with its roots in American pragmatism, emerged Holmes's distinctive judicial and constitutional restraint. Kellogg distinguishes Holmes from analytical legal positivism and contrasts him with a range of thinkers. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it.
