Handbook of International and Intercultural Communication

Jun 19 2022 This handbook summarises the state of the art in international, cultural and developmental communication and sets the agenda for future research.

Handbook of Intercultural Training Aug 09 2021 This handbook deals with the question of how people can best live and work with others who come from very different cultural backgrounds. 'Handbook of Intercultural Training' provides an overview of current trends and issues in the field of intercultural training.

Handbook of Intercultural Training Mar 28 2023 Handbook of Intercultural Training, Volume II: Issues in Training Methodology is a major attempt to describe, critique, and

summarize the major known ways to provide cross-cultural training. The collection of essays discusses the stresses of intercultural encounter, as well as how to reduce these. This volume is divided in two parts. The first part discusses context factors, including stress factors in intercultural relations and aspects of organization effectiveness. A cross-cultural experience from the perspective of a program manager is presented, as well as a situational analysis and designing a translator-based training program where alternative designs are forwarded for trainers to use effectively in multicultural and multilingual environments. The second part presents different methods of training. Learning from sojourners and from individuals from various cultures results in different frameworks for interpreting cross-cultural interactions. Consultants, advisors, and experts may find themselves performing outside and beyond their home ground and social groups, so training programs pertaining to their particular situation need to be addressed more profoundly. The training program in race relations by the U.S. Department of Defense is reviewed, and the effects of stereotyping people are discussed and considered as other factors in the preparation of training programs. English is then examined as a tool for intercultural communication, where aspects of intercultural training should be integrated. This book is suitable for overseas workers, foreign students, foreign technical advisers, diplomats, immigrants, and many others who are going to live and work and be exposed to other cultures.

The Palgrave Handbook of Cross-Cultural Business Negotiation Jan 02 2021 Global business management issues and concerns are complex, diverse, changing, and often intractable. Industry actors and policy makers alike rely upon partnerships and alliances for developing and growing sustainable business organizations and ventures. As a result, global business leaders must be well-versed in managing and leading multidimensional human relationships and business networks - requiring skill and expertise in conducting the negotiation processes that these entail. After laying out a foundation justifying the importance of studying negotiation in a global context, this book will detail conventional and contemporary theories regarding international engagement, culture, cultural difference, and cross-cultural interaction, with particular focus on their influence on negotiation. Building on these elements, the book will provide a broad array of country-specific chapters, each describing and analyzing the negotiation culture of businesspeople in a different country around the world. Finally, the book will look ahead, with an eye towards identifying and anticipating new trends and developments in the field of global negotiation. This text will appeal to scholars and researchers in international business, cross-cultural studies, and conflict management who seek to understand the challenges of intercultural

communication and negotiation. It will provide trainers and consultants with the insights they need to prepare their clients for intercultural negotiation. Finally, the text will appeal to businesspeople who find themselves heading out to engage with counterparts in another country, or operating in other multinational environments on a regular basis.

Handbook of Research on Bilingual and Intercultural Education Dec 13 2021 As education becomes more globally accessible, the need increases for comprehensive education options with a special focus on bilingual and intercultural education. The normalization of diversity and the acclimation of the students to various cultures and types of people are essential for success in the current world. The Handbook of Research on Bilingual and Intercultural Education is an essential scholarly publication that provides comprehensive empirical research on bilingual and intercultural processes in an educational context. Featuring a range of topics such as education policy, language resources, and teacher education, this book is ideal for teachers, instructional designers, curriculum developers, language learning professionals, principals, administrators, academicians, policymakers, researchers, and students. *Handbook of Multicultural Mental Health* Mar 16 2022 The Handbook of Multicultural Mental Health, Second Edition, discusses the impact of cultural, ethnic, and racial variables for the assessment, diagnosis, treatment, service delivery, and development of skills for working with culturally diverse populations. Intended for the mental health practitioner, the book translates research findings into information to be applied in practice. The new edition contains more than 50% new material and includes contributions from established leaders in the field as well as voices from rising stars in the area. It recognizes diversity as extending beyond race and ethnicity to reflect characteristics or experiences related to gender, age, religion, disability, and socioeconomic status. Individuals are viewed as complex and shaped by different intersections and salencies of multiple elements of diversity. Chapters have been wholly revised and updated, and new coverage includes indigenous approaches to assessment, diagnosis, and treatment of mental and physical disorders; spirituality; the therapeutic needs of culturally diverse clients with intellectual, developmental, and physical disabilities; suicide among racial and ethnic groups; multicultural considerations for treatment of military personnel and multicultural curriculum and training. Foundations-overview of theory and models Specialized assessment in a multicultural context Assessing and treating four major culturally diverse groups in clinical settings Assessing and treating other culturally diverse groups in clinical settings Specific conditions/presenting problems in a cultural context Multicultural competence in clinical settings

The Routledge Handbook of Language and Intercultural Communication Oct 23 2022 The Routledge Handbook of Language and Intercultural Communication constitutes a comprehensive introduction to the multidisciplinary field of intercultural communication, drawing on the expertise of leading scholars from diverse backgrounds. The Handbook is structured in five sections and covers historical perspectives, core issues and topics, and new debates in the field, with a particular focus on the language dimension. Among the key themes addressed are: the foundation of intercultural communication; core themes and issues; putting intercultural communication theory into practice; new debates and future directions. The Handbook includes an introduction and overview by the editor, which provides readers with an indication of the focus of each section and chapter. The Routledge Handbook of Language and Intercultural Communication is the ideal resource for advanced undergraduates and postgraduate students of applied linguistics, TESOL/TEFL and communication studies.

Handbook of Intercultural Communication in Health Care May 06 2021 Linguistic and cultural diversity is raising profound challenges and new opportunities for health practitioners, consumers and researchers in applied linguistics. Increasing mobility and changing demographics are adding to this complexity in all areas of health provision. The Handbook of Intercultural Communication in Health Care provides an authoritative examination of methodological and conceptual directions in the field, highlighting new domains of research that are at the forefront in exploring and addressing issues of communication raised by this complexity. These include issues of ethics, expertise and accountability; trust and risk; inequality and access; agency and self-efficacy, team collaboration; and education and training. This is the first book to establish a bridge between research and practice through the inclusion of complementary contributions from health practitioners. The book thus provides a unique focus on the relevance of intercultural communication research in health care, including the range of modes of involvement of participants, practitioners and researchers, and the subsequent impact of research on lives, practices, professions, organisations and policy.

International Handbook of Cross-Cultural Counseling Jul 08 2021 The Handbook of International Counseling is an effort to bring together the current practices, values, attitudes and beliefs about counseling from countries around the globe. The editors have selected leading experts in the field of counseling in a wide and culturally representative group of countries throughout the world. This book will be the first volume that undertakes such an ambitious goal in the field of counseling.

The Routledge International Handbook of Intercultural Arts Research Nov 24 2022 For artists, scholars, researchers, educators and students of arts theory interested in culture and the arts, a proper understanding of the questions surrounding 'interculturality' and the arts requires a full understanding of the creative, methodological and interconnected possibilities of theory, practice and research. The International Handbook of Intercultural Arts Research provides concise and

comprehensive reviews and overviews of the convergences and divergences of intercultural arts practice and theory, offering a consolidation of the breadth of scholarship, practices and the contemporary research methodologies, methods and multi-disciplinary analyses that are emerging within this new field.

Handbook of Multicultural Measures Sep 29 2020 Providing readers with cutting-edge details on multicultural instrumentation, theories, and research in the social, behavioral, and health-related fields, this Handbook offers extensive coverage of empirically-supported multicultural measurement instruments that span a wide variety of subject areas such as ethnic and racial identity, racism, disability, and gender roles. Readers learn how to differentiate among and identify appropriate research tools for a particular project. This Handbook provides clinical practitioners with a useful starting point in their search for multicultural assessment devices they can use with diverse clients to inform clinical treatment.

Handbook of Intercultural Training Apr 17 2022 Handbook of Intercultural Training, Volume III: Area Studies in Intercultural Training deals with information about the countries in which people will be living and working, where trainers want new and better country-specific information that can be incorporated into their programs. This volume contains two parts, wherein the first part deals with training in educational institutions where existing programs are examined. An intercultural competence in bilingual teacher-training programs is presented, and the intercultural communications skills imparted to trainers/trainers are examined. Also addressed are methods to facilitate education on cross-cultural matters to college level students. To put cross-cultural relations in perspective, the topic of American and foreign students in the United States in a university context is discussed, and its implications for theory, future research, and applied intercultural programming are further examined. Part II is concerned with area studies and covers Sub-Saharan Africa, Islamic countries such as Iran, Americans in Australia, Oceania, India, Japan, Canada, and the American retiree abroad. The inclusion of this section shows the types of content that can be included in the preparation of training programs. Trainers and cross-cultural workers, foreign workers, diplomats, foreign students, immigrants, and even transients working and living in a different culture will find this volume a wealthy source of information.

Handbook of Global and Multicultural Negotiation Sep 10 2021 Praise for Handbook of Global and Multicultural Negotiation "In today's globalized world, few competencies are as essential as the ability to negotiate across cultures. In this insightful and practical book, Chris Moore and Peter Woodrow draw on their extensive global experience to help us understand the intricacies of seeking to reach intercultural agreements and show us how to get to a wise yes. I recommend it highly!" William Ury coauthor, Getting to Yes, and author, The Power of a Positive No "Rich in the experience of the authors and the lessons they share, we learn that culture is more than our

clothing, rituals, and food. It is the way we arrange time, space, language, manners, and meaning. This book teaches us to understand our own culture so we are open to the other and gives us practical strategies to coordinate our cultural approaches to negotiations and reach sustainable agreements." Meg Taylor compliance advisor/ombudsman of the World Bank Group and former ambassador of Papua New Guinea to the United States of America and Mexico "In a globalized multicultural world, everyone from the president of the United States to the leaders of the Taliban, from the CEO of Mittal Steel to the steelworkers in South Africa, needs to read this book. Chris Moore and Peter Woodrow have used their global experience and invented the definitive tool for communication in the twenty-first century!" Vasu Gounden founder and executive director, ACCORD, South Africa "Filled with practical advice and informed by sound research, the Handbook of Global and Multicultural Negotiation brings into one location an extraordinary and comprehensive set of resources for navigating conflict and negotiation in our multicultural world. More important, the authors speak from decades of experience, providing the best book on the topic to date—a gift to scholars and practitioners alike." John Paul Lederach Professor of International Peacebuilding, Kroc Institute, University of Notre Dame

[The Cambridge Handbook of Intercultural Training](#) Aug 21 2022 With the number of international migrants globally reaching an estimated 272 million (United Nations report, September 2019), the need for intercultural training is stronger than ever. Since its first edition, this handbook has evaluated the methodologies and suggested the best practice to develop effective programs aimed at facilitating cross-cultural dialogue and boosting the economic developments of the countries mostly affected by migration. This handbook builds and expands on the previous editions by presenting the rational and scientific foundations of intercultural training and focuses on unique approaches, theories, and areas of the world. In doing so, it gives students, managers, and other professionals undertaking international assignments a theoretical foundation and practical suggestions for improving intercultural training programs.

Handbook of Cross-cultural Psychology: Basic processes and human development Dec 21 2019 The second volume in a set of three, this text incorporates the views of authors from a variety of nations, cultures, traditions and perspectives. It summarizes research in the areas of basic processes and developmental psychology, adopting a dynamic, constructivist and socio-historical approach.

Handbook of Intercultural Training Jan 14 2022 Handbook of Intercultural Training, Volume I: Issues in Theory and Design is a compilation of nine essays dealing with a problem central to today's complex world: "How can people best live and work with others who come from very different cultural backgrounds?" The major focus of the nine essays in this book is the experience of living and working for long periods in other cultures. The book also focuses on other types of cross-cultural experiences, such as majority-minority

group relations, training and preparation, and integration. There are analyses of possible experiences people may have, such as stress during adjustments. Other authors in this book address the benefits of intercultural action and integration into a country's educational system. International education is seen to benefit through a greater attention to face-to-face cross-cultural experience. The first seven essays are good descriptions of intercultural behavior and training, while Chapter 8 is an evaluation of cross-cultural training. The last chapter describes the atlas of affective meanings containing 620 concepts from 30 languages/culture communities for use in intercultural training and education. Behavioral and social scientists, trainers and cross-cultural scientists, overseas businessmen, foreign students, diplomats, immigrants, and other people who work in different cultures will find this handbook very helpful.

Multicultural Ministry Handbook Mar 04 2021 David Anderson and Margarita Cabellon bring together an experienced team of practitioners to share best practices for multicultural ministry. Drawing on the pioneering expertise of Bridgeway Community Church and BridgeLeader Network, the contributors present a holistic and multifaceted portrait of what a dynamic, grace-filled and diverse ministry can look like in your church.

Handbook of Intercultural Communication and Cooperation Dec 25 2022 The ability to communicate with people from diverse cultural backgrounds is becoming increasingly important. Many employers consider intercultural competence to be a key criterion for selecting qualified candidates. The authors discuss practical approaches for designing and conducting intercultural trainings, methodology, and evaluation procedures based on current research. They explore the intercultural factor within corporations particularly as it relates to human resource development, negotiating, dealing with conflict, and project management. Thoughts on developing an overall strategy for interculturality round off this handbook.

The Handbook of Critical Intercultural Communication Jul 20 2022 The Handbook of Critical Intercultural Communication aims to furnish scholars with a consolidated resource of works that highlights all aspects of the field, its historical inception, logics, terms, and possibilities. A consolidated resource of works that highlights all aspects of this developing field, its historical inception, logics, terms, and possibilities Traces the significant historical developments in intercultural communication Helps students and scholars to revisit, assess, and reflect on the formation of critical intercultural communication studies Posits new directions for the field in terms of theorizing, knowledge production, and social justice engagement

The Intercultural Performance Handbook Feb 03 2021 John Martin explains the definition and development of intercultural performance studies from the perspective of an experienced practitioner.

The Cambridge Handbook of Intercultural Communication Feb 27 2023 A highly interdisciplinary overview of the wide spectrum of current international research and professional practice in intercultural

communication, this is a key reference book for students, lecturers and professionals alike. Key examples of contrastive, interactive, imagological and interlingual approaches are discussed, as well as the impact of cultural, economic and socio-political power hierarchies in cultural encounters, essential for contemporary research in critical intercultural communication and postcolonial studies. The Handbook also explores the spectrum of professional applications of that research, from intercultural teaching and training to the management of culturally mixed groups, facilitating use by professionals in related fields. Theories are introduced systematically using ordinary language explanations and examples, providing an engaging approach to readers new to the field. Students and researchers in a wide variety of disciplines, from cultural studies to linguistics, will appreciate this clear yet in-depth approach to an ever-evolving contemporary field.

APA Handbook of Intercultural Communication Oct 11 2021 The volume is divided into two parts that examine both theoretical and applied topics. Thus, the contributors critically appraise the relevance of applied linguistics to not only understanding but also solving everyday language-related problems. --Book Jacket.

Handbook of Cultural Intelligence Dec 01 2020 Cultural intelligence is defined as an individual's ability to function effectively in situations characterized by cultural diversity. With contributions from eminent scholars worldwide, the "Handbook of Cultural Intelligence" is a 'state-of-the-science' summary of the body of knowledge about cultural intelligence and its relevance for managing diversity both within and across cultures. Because cultural intelligence capabilities can be enhanced through education and experience, this handbook emphasizes individual capabilities - specific characteristics that allow people to function effectively in culturally diverse settings - rather than the approach used by more traditional books of describing and comparing cultures based on national cultural norms, beliefs, habits, and practices. The Handbook covers conceptual and definitional issues, assessment approaches, and application of cultural intelligence in the domains of international and cross-cultural management as well as management of domestic activity. It is an invaluable resource that will stimulate and guide future research on this important topic and its application across a broad range of disciplines, including management, organizational behavior, industrial and organizational psychology, intercultural communication, and more.

Intercultural Discourse and Communication May 18 2022 Intercultural Discourse and Communication: The Essential Readings is a collection of articles that discuss major theoretical approaches, case studies of cultural and sub-cultural contact from around the globe, issues of identity in 'bicultural' individuals, and the 'real world' implications of intercultural contact and conflict. Collects articles that describe and analyze discourse and communication in several channels, including spoken, written, and signed. Considers various group organizations such as culture/subculture, gender, race/ethnicity, social class, age, and region. Includes brief introductions to each

section by the editors that explain main concepts. Contains discussion questions that enhance the book's value for courses.

Handbook of International and Intercultural Communication Mar 24 2020 Now in paperback, this indispensable volume summarizes the state of the art in international, intercultural and developmental communication and sets the agenda for future research. It includes: an overview of major theoretical and applied issues; processes and effects in international and intercultural communication; contexts; and issues of conducting research on culture, language and communication. The volume frames the critical issues facing scholars studying language and communication, stimulates new theoretical formulations, demonstrates the application of diverse methods of research, and provides the basis for finding solutions to critical issues facing the modern world.

The Oxford Handbook of Multicultural Identity Aug 29 2020 Multiculturalism is a prevalent worldwide societal phenomenon. Aspects of our modern life, such as migration, economic globalization, multicultural policies, and cross-border travel and communication have made intercultural contacts inevitable. High numbers of multicultural individuals (23-43% of the population by some estimates) can be found in many nations where migration has been strong (e.g., Australia, U.S., Western Europe, Singapore) or where there is a history of colonization (e.g., Hong Kong). Many multicultural individuals are also ethnic and cultural minorities who are descendants of immigrants, majority individuals with extensive multicultural experiences, or people with culturally mixed families; all people for whom identification and/or involvement with multiple cultures is the norm. Despite the prevalence of multicultural identity and experiences, until the publication of this volume, there has not yet been a comprehensive review of scholarly research on the psychological underpinning of multiculturalism. The Oxford Handbook of Multicultural Identity fills this void. It reviews cutting-edge empirical and theoretical work on the psychology of multicultural identities and experiences. As a whole, the volume addresses some important basic issues, such as measurement of multicultural identity, links between multilingualism and multiculturalism, the social psychology of multiculturalism and globalization, as well as applied issues such as multiculturalism in counseling, education, policy, marketing and organizational science, to mention a few. This handbook will be useful for students, researchers, and teachers in cultural, social, personality, developmental, acculturation, and ethnic psychology. It can also be used as a source book in advanced undergraduate and graduate courses on identity and multiculturalism, and a reference for applied psychologists and researchers in the domains of education, management, and marketing.

The Handbook of Communication in Cross-cultural Perspective Oct 31 2020 This handbook brings together 26 ethnographic research reports from around the world about communication. The studies explore 13 languages from 17 countries across 6 continents. Together, the studies examine, through cultural analyses, communication

practices in cross-cultural perspective. In doing so, and as a global community of scholars, the studies explore the diversity in ways communication is understood around the world, examine specific cultural traditions in the study of communication, and thus inform readers about the range of ways communication is understood around the world. Some of the communication practices explored include complaining, hate speech, irreverence, respect, and uses of the mobile phone. The focus of the handbook, however, is dual in that it brings into view both communication as an academic discipline and its use to unveil culturally situated practices. By attending to communication in these ways, as a discipline and a specific practice, the handbook is focused on, and will be an authoritative resource for understanding communication in cross-cultural perspective. Designed at the nexus of various intellectual traditions such as the ethnography of communication, linguistic ethnography, and cultural approaches to discourse, the handbook employs, then, a general approach which, when used, understands communication in its particular cultural scenes and communities.

Handbook of Cross-Cultural Marketing Jun 07 2021 Going global can be risky business if you don't divest yourself of your ethnocentric thinking. You have to take into consideration your new market's language, work schedules, tastes, lifestyle choices, and cultural associations, and this is the book to help you do that! Handbook of Cross-Cultural Marketing shows you how to sensitize your marketing approaches to the cultural norms and taboos of other societies, as well as the importance of demonstrating an interest in and appreciation of different cultures. Designed to assist both American and foreign companies, Handbook of Cross-Cultural Marketing shows you how to increase your chance at success in international markets. It identifies and explains ten important aspects of culture that are essential to cross-cultural marketing to help you understand how underlying cultural beliefs govern the way marketing functions in different societies. It also gives you specific steps for developing cultural adaptation strategies in international marketing. To further your understanding of global marketing and fundamental marketing concepts, this comprehensive book discusses: real life examples of company successes and failures abroad attitudes toward middlemen in underdeveloped countries the advantages of foreign trade shows locating and using representatives, agents, and/or distributors in foreign countries the reception of different American products in different countries potential cultural pitfalls of primary data collecting techniques the role of time in various cultures setting standards for product performance A useful text for students and practitioners alike, Handbook of Cross-Cultural Marketing gives you hands-on strategies and advice for delving into different markets, using techniques that are respectful of individual cultures, and avoiding unnecessary mistakes that can occur if you don't take the initiative to get to know the culture of your new marketplace. Your outlook and beliefs are not the global norm, so read this book to find out how you can be successful with customers who are different from you in terms of motivation,

values, beliefs, and outlook.

China Jan 22 2020 China: a handbook in intercultural communication (Language and culture series, 1).

Handbook of Intercultural Training May 26 2020 Handbook of intercultural training analyzes with depth and clarity regions of the world where intercultural issues of the 20th century have heightened - including Central and South America, Europe, China, Eastern Europe, Russia, and Israel. Sexuality is also explored as a type of culture, forging a broader, contemporary definition of culture. Other sections of the book examine theoretical and methodological issues inherent in understanding intercultural interactions and training and the contexts in which training takes place.

Handbook of Intercultural Training Apr 05 2021

The Handbook of Intercultural Discourse and Communication Sep 22 2022 The Handbook of Intercultural Discourse and Communication brings together internationally-renowned scholars from a range of fields to survey the theoretical perspectives and applied work, including example analyses, in this burgeoning area of linguistics. Features contributions from established researchers in sociolinguistics and intercultural discourse Explores the theoretical perspectives underlying work in the field Examines the history of the field, work in cross-cultural communication, and features of discourse Establishes the scope of this interdisciplinary field of study Includes coverage on individual linguistic features, such as indirectness and politeness, as well as sample analyses of IDC exchanges

Manual for developing intercultural competencies Apr 24 2020 "This book presents a structured yet flexible methodology for developing intercultural competence in a variety of contexts, both formal and informal. Piloted around the world by UNESCO, this methodology has proven to be effective in a range of different contexts and focused on a variety of different issues. It therefore can be considered an important resource for anyone concerned with effectively managing the growing cultural diversity within our societies to ensure inclusive and sustainable development. Intercultural competence refers to the skills, attitudes and behaviours needed to improve interactions across difference, whether within a society (differences due to age, gender, religion, socio-economic status, political affiliation, ethnicity, and so on) or across borders. The book serves as a tool to develop those competences, presenting an innovative adaptation of what could be considered an ancient tradition of storytelling found in many cultures. Through engaging in the methodology, participants develop key elements of intercultural competence including greater self-awareness, openness, respect, reflexivity, empathy, increased awareness of others, and in the end, greater cultural humility. This book will be of great interest to intercultural trainers, policymakers, development practitioners, educators, community organizers, civil society leaders, university lecturers and students -- all who are interested in developing intercultural competence as a means to understand and appreciate difference, develop relationships

with those across difference, engage in intercultural dialogue and bridge societal divides"--

The SAGE Handbook of Intercultural Competence Apr 29 2023 Containing chapters by some of the world's leading experts and scholars on the subject, this book provides a broad context for intercultural competence. Including the latest research on intercultural models and theories, it presents guidance on assessing intercultural competence through the exploration of key assessment principles.

The SAGE Handbook of Contemporary Cross-Cultural Management Feb 21 2020 This Handbook presents a comprehensive and contemporary compendium of the field of cross-cultural management (CCM). In recognition of current trends regarding migration, political ethnocentrism and increasing nationalism, the chapters in this volume not only cover the traditional domains of CCM such as expatriation, global (virtual) teamwork and leadership, but also examine emerging topics such as bi/multi-culturalism, migration, religion and more, all considered from a global perspective. The result is a Handbook that acknowledges and builds on a variety of research traditions (from mainstream to critical), updates existing knowledge in relation to current challenges, and sets the direction for future research and developments, making this an invaluable resource for researchers in the field, and across related areas of international business, management, and intercultural relations. Part 1: Multiple Research Paradigms for the Study of Culture Part 2: Research Methods in Cross-Cultural Management Part 3: Cross-Cultural Management and Intersecting Fields of Study Part 4: Individuals and Teams in Cross-Cultural Management Part 5: Global mobility and Cross-Cultural Management Part 6: Developing Intercultural Competence

Developing Intercultural Awareness Jul 28 2020 This guide contains simulation games, case studies, icebreakers and other training activities for developing cross-cultural awareness in virtually any setting

Handbook of Intercultural Communication Jan 26 2023 In today's globalized world of international contact and multicultural interaction, effective intercultural communication is increasingly seen as a pre-requisite for social harmony and organisational success. This handbook takes a 'problem-solving' approach to the various issues that arise in real-life intercultural interaction. The editors have brought together experts from a range of disciplines, including linguistics, psychology and anthropology, to provide a multidisciplinary perspective on the field, whilst simultaneously anchoring it in Applied Linguistics. Key features: provides a state-of-the-art description of different areas in the context of intercultural communication presents a critical appraisal of the relevance of the field offers solutions of everyday language-related problems international handbook with contributions from renowned experts in the field

China Nov 12 2021
