Anchors for the Innocent

Aug 28 2020 Millions of single parent families are succeeding

despite repressive odds. ANCHORS FOR THE INNOCENT: INNER POWER FOR TODAY'S SINGLE MOTHERS & FATHERS addresses critical everyday survival & success issues. This book will help single parents develop extraordinary levels of resilience & the inner power that's required to succeed against great odds! Vital topics include * Coping with feelings of anger, abandonment, rejection & just being overwhelmed. * Successfully dealing with the harsh realities of finding child care, of getting child support, accessing transportation & housing, creating new income & fighting for effective education for children. * Finding the strength to manage strained adult relationships while responding to your children's ongoing need for the love of both parents. Right now most Americans are affected by the single parent experience in some way. If current trends continue, experts predict that 60 percent of children born today will spend some time in a home

headed by a single parent, most likely by a single mother. The success of these families matters to all of us. "ANCHORS is THE bible for single parents, a blueprint for the impossible. It will give immense encouragement & guidance to millions of single parents. A significant contribution!"-- Larry Dossey, M.D.

The Single Parent Survival Guide Jan 01 2021 After a messy divorce, ordained preacher and author Shante F. Green found herself spiraling into a lifestyle of resentment and lust. After hitting rock-bottom, she realized that she needed Christ above all to redeem her divorcee status and give her new life. But all she had been taught on being a divorced Christian was to resist sexual sin and to keep busy as a newly single woman. She saw a deep need for biblical instruction on how to navigate the unique difficulties of divorced life in a God-honoring and faithful way. In her latest book, Shante provides just that to others in similar circumstances, offering a

message of hope that will lift readers out of the emotional state of depression, guilt, rejection, and rage that divorce can cause. The Single Parent Survival Guide helps by: identifying emotional issues that perpetuate dysfunctional cycles; revealing lust and lies that seek to infiltrate and destroy homes; giving practical advice in dealing with your children's other parent; and offering parenting tips that will foster a healthy emotional environment for you and your children. Join Shante in *The Single Parent Survival Guide*, and go from simply surviving to living freely in Christ after marriage. Shante F Green is an ordained Minister and Psalmist, whose passion is leading God's people into His presence through worship, prophesying and preaching. Her most meaningful honor is being Imani and Khalid's mom. With that being said, her desire is to leave a legacy of faith, for the youth and young at heart, through creative writing and Christian Film making. To that end, she created Sci-Fi Soul.

Her vision is to redefine cultural standards through positive, powerful imagery. **Superwoman** Aug 08 2021 They put the tiny, red-faced bundle into her arms, and time stopped. She gazed at that puckered little face and whispered, Welcome to the world, baby girl. Little did she know that within weeks, she would become a single mother—not exactly what she had imagined for her daughters and herself, but exactly what needed to happen. This is the story of a single mother, but it's more than that. Sometimes funny, sometimes reflective, it's also your story—a story of that peculiar, trying, and wonderful state of motherhood. In *Superwoman: A Funny and Reflective Look at Single Motherhood*, popular humor blogger Mona Andrei brings you her sage and snickery insights on being a single mom, with all its gore and glory. Through a series of interviews, you'll also get a voyeuristic peek into the lives of other single mothers—and don't we all love that feeling of Thank

goodness, I'm not the only one! We're all superwomen here. [The Single Mom's Workplace Survival Guide](#) Feb 26 2023 "Every Mom is a Working Mom." The Kickass Single Mom Jun

06 2021 When Emma Johnson's marriage ended she found herself broke, pregnant, and alone with a toddler. Searching for the advice she needed to navigate her new life as a single professional woman and parent, she discovered there was very little sage wisdom available. In response, Johnson launched the popular blog Wealthysinglemommy.com to speak to other women who, like herself, wanted to not just survive but thrive as single moms. Now, in this complete guide to single motherhood, Johnson guides women in confronting the naysayers in their lives (and in their own minds) to build a thriving career, achieve financial security, and to reignite their romantic life—all while being a kickass parent to their kids. The Kickass Single Mom shows readers how to:

- Build a new life that is entirely on their own terms.
- Find the time to devote to health, hobbies, friendships, faith, community and travel.
- Be a joyful, present and fun mom, and proud role model to your kids.

epregistry.ufpi.br

Full of practical advice and inspiration from Emma's life, as well as other successful single moms, this is a must-have resource for any single mom.

Jan 21 2020 Being a single

mother should not be

considered a burden but it is a tremendous blessing. Keep this

guide handy when you

experience moments of sadness

or overwhelm. You are a

survivor and YOU ARE MORE

THAN ENOUGH!

The Eternal Mark of a Mom

Sep 09 2021 A nurturing

mother is vital to the character and future of a child. But what

is a nurturing mother? Linda

Weber describes in detail how

important it is for moms in all

situations to focus on nurturing

the hearts and souls of their

children, and she shows them

how to do so. By sharing

encouraging true

stories—including her

own—and new research, Weber

offers moms a detailed and

updated rationale that defends

the value of motherhood while urging women to embrace the value and power of their role.

Single Mothers and their Children

Mar 03 2021 This is a powerful and moving history of single motherhood in Australia. It tells the story of these women and their children and the lives they constructed. The book covers the period from the 1850s, when abandonment and infanticide were not uncommon, to 1975, when the legal status of illegitimacy was abolished.

While tracing profound changes over this period, the authors find much continuity. The book covers issues of baby farming, infanticide, abortion, sex education, birth control, adoption and marriage, in effect becoming a history of sexual practice in Australia.

The Soul of a Single Parent Jun 25 2020 The "The Soul of a Single Parent" is a candid, up-close-and-personal perspective of my journey as a single parent. It is written from a single mom's perspective. This is not to discount, disregard or discredit the many single

fathers who also single-handedly choose to "do the right thing" every day. Each chapter is but a glimpse of the journey into the soul of a single parent. Unless you are truly a single parent, don't judge me until you have walked at least a mile in my shoes or spent a whole day - no scratch that - a whole week, in the life of a single parent. If you are a single parent, I hope you enjoy this literary journey with me. Feel free to laugh (with me, not at me) as you read through the pages. Go ahead, sit down and shed a tear of joy (or pain) with me as I share my world with you. More importantly, I pray that you gain further insight and purpose as to your divine role as a single parent. Each chapter starts with my perspective or a short snippet of "coming from where I'm from", then digs deeper to further share "my truth or turning point" of my single parent journey. Are you ready to snapback from single parent paralysis? Is it time to get your SWAG on? If so, then let's begin!

Single Mom Survival Handbook

Oct 10 2021 This book offers essential life skills you need to succeed as a single mom.

Current statistics from the USA Census Bureau show that there are 10.9 million single mothers in the United States alone. This number rose from 3.4 million only in 1970, showing that single mothers are more common than ever. No matter how you became single, divorced, ending a relationship, surrogacy, adoption, unplanned pregnancy, or death of a spouse, this book will review the information you need to help you and your child(ren) get to know each other and getting used to your new reality.

A Single Moms Survival Guide

Dec 24 2022 My Life as a Single Mom tells author Maureen Brundage's story of how she became a single mother of four when her husband decided to unexpectedly leave her, and how she coped with raising her children alone as a single parent. Her story demonstrates God's miracles in forgiveness,

blessings, and giving. A book about choosing to forgive no matter what happens. A book demonstrating the strength of the Lord for a single parent.

One of the criteria for choosing to forgive is locking into it every chance we get. Becoming a single parent was a lesson in trusting God for everything. If we put God first, He will provide. God is faithful. Do we need to forgive God when God is perfect? The fruit of forgiveness is sweet.

On Our Own Apr 16 2022

Surviving Single Parenthood

May 25 2020 Are you struggling to raise a child by yourself? Get the Information You Need to Survive Single Parenting and Raise Healthy, Happy Children! By checking out breakthrough strategies Are you raising one or more children on your own due to divorce or death of a partner? Whatever the case may be raising children is difficult enough for a two-parent household. When it's a single parent household the situation is even more critical. Most of us think nothing of hopping in

the car to run to the market and leaving the kids with your husband or wife. Just stop and think how difficult that could be as a single parent. If you have an infant or a toddler, even a quick trip to the grocery store is an event. Add another pre-schooler or grammar school sibling and before you know it your quick trip turns into something close to a safari! There are some pretty frightening statistics surrounding single parents drawn from the 2007 census. The number of single parents has grown significantly worldwide. From 2001 to 2008 the numbers have increased by a whopping 11%! Here in the United States, there are around 13.6 million single parents raising 21.2 million kids, representing 26% of all kids under 21. 84% of custodial parents are mothers and 16% are fathers. These figures indicate what most of us already know. The people bearing the majority of the burden of raising children alone are the same people who make less money. Women who

work outside the home are no strangers to the concept of "doing more and earning less." That doesn't mean that single fathers have it so easy either. Our hats should go off to any single parents who struggle to make ends meet especially in this horrible economy. 3 Things Single Parents Need to Know

1. Psychological Effects on Children of Single Parents. There are some children who suffer the emotional and mental th leading to incapacities and incompetence when they get older.
2. Crime Rate Stats for Children of Single Parents. It is not fair to say that children of single parents grow up to become criminals. You have to understand the risks and provide support to prevent the growth.
3. Financial Aid for Single Parents. Being a single parent means all things are under your control. However, that does not necessarily include finances. This can be less painful if you know that resources are available to help you and where to go to find them. If anything you've read

strikes a cord with you, it's important to know that all these problems, if not eliminated, can be helped. And, you can get that help right now, today. We have just the information you need in our guide entitled "Surviving Single Parenthood" And The Great Thing Is . . . You don't need any special education or technique to read it. It's written in plain English. It doesn't require much time to get to know your subject - You can start applying what you learn as soon as you've read the guide. Cost is minimal - Since the whole purpose is to help single parents in all areas of their lives, we've kept the cost very low. Take a peek inside and you will find out everything you need to know about: Child Support and Single Parents Financial Challenges of Single Parents Educational Assistance Stress Dating Single Parenting Tips for Mothers Single Parenting Tips for Fathers Home Buying Programs for Single Parents And much more... The Single Mum's Survival Guide is packed with ideas, suggestions and words of wisdom and experience from a host of real-life single mums and expert professionals to make your life easier, help you on your way and put your mind at rest.

Unsung Heroines Feb 20 2020 This compelling book destroys the derogatory images of single mothers that too often prevail in the media and in politics by creating a rich, moving, multidimensional picture of who these women really are. Ruth Sidel interviewed mothers from diverse races, ethnicities, religions, and social classes who became single through divorce, separation, widowhood, or who never married; none had planned to raise children on their own. Weaving together these women's voices with an accessible, cutting-edge

sociological and political analysis of single motherhood today, *Unsung Heroines* introduces a resilient, resourceful, and courageous population of women committed to their families, holding fast to quintessential American values, and creating positive new lives for themselves and their children. What emerges from this penetrating study is a clear message about what all families—two-parent as well as single parent—must have to succeed: decent jobs at a living wage, comprehensive health care, and preschool and after-school care. In a final chapter, Sidel gives a broad political-economic analysis that provides historical background on the way American social policy has evolved and compares the situation in the U.S. to the social policies and ideologies of other countries.

Lives on the Edge May 05 2021 *Lives on the Edge* offers a penetrating, deeply disturbing look into the other America inhabited by single mothers and their children. Its powerful

and moving portraits force us to confront the poverty, destitution, and struggle for survival that await single mothers in one of the richest nations in the world. One in five children and one in two single mothers live in destitution today. The feminization and "infantilization" of poverty have made the United States one of the most dangerous democracies for poor mothers and their children to inhabit. Why then, Valerie Polakow asks, is poverty seen as a private affair - "their problem, not ours" - and how can public policy fail to take responsibility for the consequences of our politics of distribution? Searching for an answer, Polakow considers the historical and ideological sources for society's attitudes toward single mothers and their children, and shows how our dominant images of "normal" families and motherhood have shaped our perceptions, practices, and public policies. Polakow's account traces the historical

legacy of discrimination against the "dangerous classes" and the "undeserving poor" - a legacy that culminates in the current public hostility towards welfare recipients. Polakow moves beyond the cold voice of statistics to take us into the daily lives of single mothers and their children. The stories of young black teenage mothers, of white single mothers, of homeless mothers are presented with clarity and quiet power. In a detailed look inside the classroom worlds of their children, Polakow explores what life is like if one is very young and poor, and consigned to otherness in the landscape of school. School is a place that matters - it is also a place where children are defined as "at risk" or "at promise". Polakow's astute analysis of poor children's pedagogy provides a critical challenge to educators. Written by an educator and committed child advocate, *Lives on the Edge* draws on social, historical, feminist, and public policy perspectives to develop an informed, wide-ranging

critique of American educational and social policy. Polakow's recommendations in the areas of social policy and education point to useful cross-cultural models as well as successful small-scale programs in place in the United States. Yet Polakow constantly reminds us that "small facts speak to large issues". By providing us with a living sense of the other America, she helps us to realize that "their" America is no "other" than ours. Stark, penetrating, and unflinching, this work challenges our cherished myths of justice and democracy.

Making Ends Meet Jan 25 2023 Welfare mothers are popularly viewed as passively dependent on their checks and averse to work. Reformers across the political spectrum advocate moving these women off the welfare rolls and into the labor force as the solution to their problems. Making Ends Meet offers dramatic evidence toward a different conclusion: In the present labor market, unskilled single mothers who

hold jobs are frequently worse off than those on welfare, and neither welfare nor low-wage employment alone will support a family at subsistence levels. Kathryn Edin and Laura Lein interviewed nearly four hundred welfare and low-income single mothers from cities in Massachusetts, Texas, Illinois, and South Carolina over a six year period. They learned the reality of these mothers' struggles to provide for their families: where their money comes from, what they spend it on, how they cope with their children's needs, and what hardships they suffer. Edin and Lein's careful budgetary analyses reveal that even a full range of welfare benefits—AFDC payments, food stamps, Medicaid, and housing subsidies—typically meet only three-fifths of a family's needs, and that funds for adequate food, clothing and other necessities are often lacking. Leaving welfare for work offers little hope for improvement, and in many cases threatens even greater hardship. Jobs for unskilled and semi-skilled

women provide meager salaries, irregular or uncertain hours, frequent layoffs, and no promise of advancement. Mothers who work not only assume extra child care, medical, and transportation expenses but are also deprived of many of the housing and educational subsidies available to those on welfare. Regardless of whether they are on welfare or employed, virtually all these single mothers need to supplement their income with menial, off-the-books work and intermittent contributions from family, live-in boyfriends, their children's fathers, and local charities. In doing so, they pay a heavy price. Welfare mothers must work covertly to avoid losing benefits, while working mothers are forced to sacrifice even more time with their children. Making Ends Meet demonstrates compellingly why the choice between welfare and work is more complex and risky than is commonly recognized by politicians, the media, or the public. Almost all the welfare-reliant women interviewed by Edin and Lein

made repeated efforts to leave welfare for work, only to be forced to return when they lost their jobs, a child became ill, or they could not cover their bills with their wages. Mothers who managed more stable employment usually benefited from a variety of mitigating circumstances such as having a relative willing to watch their children for free, regular child support payments, or very low housing, medical, or commuting costs. With first hand accounts and detailed financial data, Making Ends Meet tells the real story of the challenges, hardships, and survival strategies of America's poorest families. If this country's efforts to improve the self-sufficiency of female-headed families is to succeed, reformers will need to move beyond the myths of welfare dependency and deal with the hard realities of an unrewarding American labor market, the lack of affordable health insurance and child care for single mothers who work, and the true cost of subsistence living. Making

Ends Meet is a realistic look at a world that so many would change and so few understand.

The Single Dad's Survival Guide

Mar 23 2020 You May Be Single, But You're Not Alone. Being a great dad is challenging enough when you're part of a two-person team. But now you're raising your kids single-handedly. How can you provide the emotional, physical, and spiritual support your children need, cover all the details of running a household, and still earn a living to support your family? Being a solo dad could easily be the toughest job of your life. The good news is you're not alone. Inside this book you'll find the support, advice, and encouragement you need to succeed. Here are practical solutions for everything you're facing—from conflicting emotions to day-to-day time management. You'll find useful pointers on a daughter's unique needs, a son's inner struggles, and even how to recruit trusted friends to pitch in. With plenty of humor and real-world insight, The Single

Dad's Survival Guide will show you how to expand on your natural, built-in abilities so you can come out on top as a parenting team of one. • Find logistical help on everyday challenges, including finances, family schedules, household management, and staying on top of your work. • Take advantage of practical guidance on everything from supporting and nurturing your kids to protecting your own emotional health. • Learn how to get past anger, hurt, and fatigue to stand strong as the man your children need most—a man who provides security, stability, and spiritual guidance during one of the toughest times in their life. It's all here to help you succeed as a solo dad. Single parenting takes everything you've got—so learn how to give it your all.

Single Mom Survival Success
