**Political Theory and Law in Medieval Spain** Aug 28 2020 Madden explores political theory and governmental organization during one of the richest periods of Spanish history. Along with keen discussions of important landmark doctrines, Madden analyzes the influence of Roman law and the administrative machinery of the king, municipalities and Cortes.

**You and the Law in Spain** Sep 21 2022 Complete and readable guide to Spanish law for foreigners - incorporating the Spanish Property Guide. 16th Edition. The bible for foreigners in Spain.

*The Civil Law in Spain and Spanish-America* Aug 08 2021 Spain has an extraordinarily rich legal history, one that reflects Roman, Gothic, Arabic, Papal, Holy Roman and French influences, and was the first nation to produce a published commercial code. Walton provides a thorough account of Spanish civil law and its influence.

[Social Security Law in Spain](#) Jul 19 2022 Derived from the renowned multi-volume International Encyclopaedia of Laws, this book describes the social security regime in Spain. It conveys a clear working knowledge of the legal mechanics affecting health care, employment injuries and occupational diseases, incapacity to work, pensions, survivors' benefits, unemployment benefits and services, and family benefits. The analysis covers the field of application, conditions for entitlement, calculation of benefits, financing, the institutional framework, and relevant law enforcement and controls. Allowances for retirees, employees, public sector workers, the self-employed, and the handicapped are all clearly explained, along with full details of claims, adjudication procedures, and appeals. Succinct yet eminently practical, the book will be a valuable resource for lawyers handling social security matters in Spain. It will be of practical utility to those both in public service and private practice called on to develop and to apply social security law and policy, and of special interest as a contribution to the comparative study of social security systems.

[Contract Law in Spain](#) Nov 23 2022 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of the law of contracts in Spain covers every aspect of the subject - definition and classification of contracts, contractual liability, relation to the law of property, good faith, burden of proof, defects, penalty clauses, arbitration clauses, remedies in case of non-performance, damages, power of attorney, and much more. Lawyers who handle transnational contracts will appreciate the explanation of fundamental differences in terminology, application, and procedure from one legal system to another, as well as the international aspects of contract law. Throughout the book, the treatment emphasizes drafting considerations. An introduction in which contracts are defined and contrasted to torts, quasi-contracts, and property is followed by a discussion of the concepts of 'consideration' or 'cause' and other underlying principles of the formation of contract. Subsequent chapters cover the doctrines of 'relative effect', termination of contract, and remedies for non-performance. The second part of the book, recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it, describes the nature of agency, sale, lease, building contracts, and other types of contract. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Spain will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative contract law.

[Constitutional Law in Spain](#) Mar 27 2023 Derived from the renowned multi-volume International Encyclopaedia of Laws, this very useful analysis of constitutional law in Spain provides essential information on the country's sources of constitutional law, its form of government, and its administrative structure. Lawyers who handle transnational matters will appreciate the clarifications of particular terminology and its application. Throughout the book, the treatment emphasizes the specific points at which constitutional law affects the interpretation of legal rules and procedure. Thorough coverage by a local expert fully describes the political system, the historical background, the role of treaties, legislation, jurisprudence, and administrative regulations. The discussion of the form and structure of government outlines its legal status, the jurisdiction and workings of the central state organs, the subdivisions of the state, its decentralized authorities, and concepts of citizenship. Special issues include the legal position of aliens, foreign relations, taxing and spending powers, emergency laws, the power of the military, and the constitutional relationship between church and state. Details are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for both practising and academic jurists. Lawyers representing parties with interests in Spain will welcome this guide, and academics and researchers will appreciate its value in the study of comparative constitutional law.

**Commercial and Economic Law in Spain** Apr 16 2022 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of the structure, competence, and management of Spain provides substantial and readily accessible information for lawyers, academics, and policymakers likely to have dealings with its activities and data. No other book gives such a clear, uncomplicated description of the organization's role, its rules and how they are applied, its place in the framework of international law, or its relations with other organizations. The monograph proceeds logically from the organization's genesis and historical development to the structure of its membership, its various organs and their mandates, its role in intergovernmental cooperation, and its interaction with decisions taken at the national level. Its competence, its financial management, and the nature and applicability of its data and publications are fully described. Systematic in presentation, this valuable time-saving resource offers the quickest, easiest way to acquire a

sound understanding of the workings of Spain for all interested parties. Students and teachers of international law will find it especially valuable as an essential component of the rapidly growing and changing global legal milieu.

**Insurance Law in Spain** Jan 21 2020 Derived from the renowned multi-volume International Encyclopaedia of Laws, this book provides valuable practical insight into both public supervisory legislation concerning insurance and private insurance contract law in Spain. An informative general introduction surveying the legal, political, financial, and commercial background and surroundings of insurance provides a sound foundation for the specific detail that follows. The book covers all essential aspects of the law and regulation governing insurance policies and instruments. Its detailed exposition includes examination of the form of the insurance company and its reserves and investments; the insurance contract; the legal aspects of the various branches of property and liability insurance; motor vehicle insurance schemes; life insurance, health insurance, and workmen's compensation schemes; reinsurance, co-insurance, and pooling; taxation of insurance; and risk management and prevention. Succinct yet eminently practical, the book will be a valuable resource for lawyers handling cases affecting Spain. It will be of practical utility to those both in public service and private practice called on to develop and to apply the laws of insurance, and of special interest as a contribution to the much-needed harmonization of insurance law.

**In the Shadow of Vitoria** Jun 06 2021 "[This book provides an overview] of the intellectual evolution of international law in Spain from the late 18th century to the aftermath of the Spanish Civil War. [The author] recounts the history of the two 'renaissances' of Francisco de Vitoria and the Spanish classics of international law and contextualizes the ideological glorification of the Salamanca School by Franco's international lawyers. Historical excursions on the intellectual evolution of international law in the US and the UK complement the neglected history of international law in Spain from the first empire in history on which the sun never set to a diminished and fascistized national-Catholicist state."--

**Labour Law in Spain** Feb 02 2021 Derived from the renowned multi-volume International Encyclopaedia of Laws, this monograph on labour law in Spain not only describes and analyses the legal aspects of labour relations, but also examines labour relations practices and developing

*Law, Culture, and Regionalism in Early Medieval Spain* Dec 20 2019 Collection of essays and conference papers originally published 1977-1991.

**Competition Law in Spain** May 05 2021 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of competition law and its interpretation in Spain covers every aspect of the subject - the various forms of restrictive agreements and abuse of dominance prohibited by law and the rules on merger control; tests of illegality; filing obligations; administrative investigation and enforcement procedures; civil remedies and criminal penalties; and raising challenges to administrative decisions. Lawyers who handle transnational commercial transactions will appreciate the explanation of fundamental

differences in procedure from one legal system to another, as well as the international aspects of competition law. Throughout the book, the treatment emphasizes enforcement, with relevant cases analysed where appropriate. An informative introductory chapter provides detailed information on the economic, legal, and historical background, including national and international sources, scope of application, an overview of substantive provisions and main notions, and a comprehensive description of the enforcement system including private enforcement. The book proceeds to a detailed analysis of substantive prohibitions, including cartels and other horizontal agreements, vertical restraints, the various types of abusive conduct by the dominant firms and the appraisal of concentrations, and then goes on to the administrative enforcement of competition law, with a focus on the antitrust authorities' powers of investigation and the right of defence of suspected companies. This part also covers voluntary merger notifications and clearance decisions, as well as a description of the judicial review of administrative decisions. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Spain will welcome this very useful guide, and academics and researchers will appreciate its value in the study of international and comparative competition law.

**Religion and Law in Spain** Aug 20 2022 Derived from the renowned multi-volume International Encyclopaedia of Laws, this convenient resource provides systematic information on how Spain deals with the role religion plays or can play in society, the legal status of religious communities and institutions, and the legal interaction among religion, culture, education, and media. After a general introduction describing the social and historical background, the book goes on to explain the legal framework in which religion is approached. Coverage proceeds from the principle of religious freedom through the rights and contractual obligations of religious communities; international, transnational, and regional law effects; and the legal parameters affecting the influence of religion in politics and public life. Also covered are legal positions on religion in such specific fields as church financing, labour and employment, and matrimonial and family law. A clear and comprehensive overview of relevant legislation and legal doctrine make the book an invaluable reference source and very useful guide. Succinct and practical, this book will prove to be of great value to practitioners in the myriad instances where a law-related religious interest arises in Spain. Academics and researchers will appreciate its value as a thorough but concise treatment of the legal aspects of diversity and multiculturalism in which religion plays such an important part.

**Tort Law in Spain** Nov 30 2020 "This book was originally published as a monograph in the International encyclopaedia of laws/Tort law."

**Criminal Law in Spain** Jun 18 2022 Derived from the renowned multi-volume International Encyclopaedia of Laws, this book provides a practical analysis of criminal law in Spain. An introduction presents the necessary background information about the framework and sources of the criminal justice system, and then proceeds to a detailed examination of the grounds for criminal liability, the justification of criminal offences, the defences that diminish or excuse criminal liability, the classification of criminal offences, and the sanctions system. Coverage of criminal procedure focuses on the organization of investigations, pre-trial proceedings, trial stage, and legal remedies. A final part describes the execution of sentences and orders, the prison system, and the extinction of custodial sanctions or sentences. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable resource for criminal lawyers, prosecutors, law enforcement officers, and criminal court judges handling cases connected with Spain. Academics and researchers, as well as the various international organizations in the field, will welcome this very useful guide, and will appreciate its value in the study of comparative criminal law.

**Sources of Law in Spain** Mar 15 2022 Recoge:1. Sources of law as a system -- 2. The legislative function -- 3. Administrative rule-making -- 4. Framework laws -- 5. Other sources of law -- 6. International law, community law and domestic law -- 7. Basic bibliography.

**Environmental Law in Spain** Sep 28 2020 "This book was originally published as a monograph in the International encyclopaedia of laws/Environmental law."

**Sports Law in Spain** Feb 14 2022 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of sports law in Spain deals with the regulation of sports activity by both public authorities and private sports organizations. The growing internationalization of sports inevitably increases the weight of global regulation, yet each country maintains its own distinct regime of sports law and its own national and local sports organizations. Sports law at a national or organizational level thus gains a growing relevance in comparative law. The book describes and discusses both state-created rules and autonomous self-regulation regarding the variety of economic, social, commercial, cultural, and political aspects of sports activities. Self-regulation manifests itself in the form of by-laws, and encompasses organizational provisions,

disciplinary rules, and rules of play. However, the trend towards more professionalism in sports and the growing economic, social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities. This form of regulation appears in a variety of legal areas, including criminal law, labour law, commercial law, tax law, competition law, and tort law, and may vary following a particular type or sector of sport. It is in this dual and overlapping context that such much-publicized aspects as doping, sponsoring and media, and responsibility for injuries are legally measured. This monograph fills a gap in the legal literature by giving academics, practitioners, sports organizations, and policy makers access to sports law at this specific level. Lawyers representing parties with interests in Spain will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative sports law.
