for anyone who pedals their way through the Big Apple. America may be a nation obsessed with automobiles, but today the bicycle is giving the car a run for its money. And while New York is just one of many cities that is implementing new bike friendly policies, the local cyclist population stands out as one of the most diverse, inventive, and stylish in the world. New York Bike Style celebrates this with full-page photographs of riders and their bikes.

Photographer Sam Polcer has combed New York's five boroughs looking for subjects who reflect the myriad styles and demographics of the city's cyclists—from Puerto Rican Schwinn aficionados with vintage bikes to fixed gear freaks; from BMX kids honing their bar-spins at skateparks to fashionistas floating down leaf-strewn streets in dresses. Each page is captioned with the subject's name, what kind of bike they ride, where the photo was taken, and where they're headed. The book also features close-up shots of gear as well as a startlingly stylish array of bike fashion. Whether they're pedaling to work or play, racing with a club, or out for a lazy ride, New York Bike Style pays photographic tribute to a city in love with biking in all its forms.

Welcome to the Seventh Terrace of Dante's tower of Purgatory. Here, in darkness lit only by a wall of flame, we find souls enslaved by the sin of lust. Lust is a great and terrible thing, and this collection of dark tales follows a mere handful of the many paths leading to the wall of

fire. Illustrated in full colour throughout, each entry includes a detailed specification table and authoritative performance figures. The line-up features outstanding machines famed for their performance, technical brilliance and good looks. This book analyses the Association of Southeast Asian Nations (ASEAN) as a powerful actor in International Relations by examining how the ASEAN community has evolved, looking specifically at its relationship with the EU with regards to human rights. The book adds to important contemporary debates within constructivist theory, shedding light on the need for 'critical' constructivism that emphasises language and contestation and what that may entail. On an empirical level, it challenges the idea of an 'EU-centrism,' demonstrating how ASEAN is the major driving force behind its human rights and community aspirations, as well as within the ASEAN-EU relationship. Furthermore, this book engages with the introspection surrounding constructivism by addressing the trouble with 'norms,' and instead unpacking the relationship between ASEAN and the EU to show language power in play. In particular, the book looks at how language, or rather coercive language, helps us 'see' contestation in action, something that researchers sympathetic towards the idea of ASEAN's 'resistance' have been unable to show through a focus on norms. Tracing the evolution of the ASEAN community and human rights aspirations in a new light, showing how exactly

the EU remains an inspiration, but not a model, and more interestingly how ASEAN demonstrates power in the relationship, the book will be of interest to academics working on Asian Studies, European Studies, International Relations Theory and human rights. Volusia (2001-2004), Boulevard C50 (2005-2011) This unique and highly personal account of the motorsport scene from 1970 to the present day is packed with photographs, many previously unpublished, and detailed accounts of events on the factory floor as well as on the race track, including the fascinating recollections and insights concerning the almost unbelievable happenings which led to the sad demise of Norton. His involvement with Bernie Eccelstone and Brabham is recorded with honesty and integrity, and certainly makes interesting reading As a Rock Chick, Shirleen Jackson lived through all the kidnappings and explosions. Along the way, she also watched the dramatic love stories that came with those rides unfold. But long ago, Shirleen made her choice. It affected who she was and would always be. She decided to settle for what she had and not want more. She had good friends. She was raising two fine young men who weren't hers, but she loved them anyway. She was good. And then Moses Richardson crashed into her life, literally...and deliberately. Moses has different ideas about Shirleen. He's more interested in the Shirleen of now, mostly because she's interesting. And funny. And loyal. Smart. Beautiful. But Moses has a big challenge on his

hands. He has to convince Shirleen of all that. And then convince her she deserves to have more. Please note that Rock Chick Reborn is a novella. Donation. In The Harley-Davidson and Indian Wars, author Allan Girdler takes you on a colorful tour of the men and machines that competed to dominate the American motorcycle industry. This book chronicles the legendary machines such as the

Knucklehead and the Four, as well as motorcycles like the Hummer and the Model CZ whose times came and went or, perhaps, never came at all. The racing history is also told with a flourish, from the days of total-loss oiling, wooden race tracks, and high mortality rates to the cataclysmic times of Class C racing, when roaring V-twin -powered beasts were manhandled on dirt tracks, asphalt, and through the nastiest terrain the country has to offer. The Harley-Davidson and Indian Wars tells the story of these two makers, from the days when Harley-Davidsons were built in the Davidson family's back yard to the tragic demise of the Indian Motorcycle company.
